Travel expenses may be paid to individuals or companies that are doing business with the State. Reimbursements for travel are allowed in accordance with regulations established for State employees.

4. Travel Advances

The Comptroller General's Policy regarding travel advances:

No travel advance shall be made to an employee for travel within the State of South Carolina without specific approval of the State Comptroller General. No travel advance shall be made for more than 80% of the estimated amount of the total travel expense, excluding airline transportation.

Request for travel advances must be submitted to the Comptroller General's Office not later than seven (7) business days prior to the beginning of the trip for which the advance is requested.

The primary purpose for providing cash advances to employees who are traveling on official business of a State agency is to reduce the amount of personal funds required to finance official travel, thereby relieving the financial burden of the traveler.

State of South Carolina Statewide Disbursement Regulations

SUBSISTENCE

The Request for Official Travel Cash Advance must be completed with all information required and approved by the Agency Director and scanned and attached to travel request sent on a Z-Travel or through the travel management module. When the employee returns from the trip for which the travel advance was made, a document must be completed for recording the actual travel expense in the proper expenditure codes and reimbursing the travel advance. If the Travel Advance exceeds the actual travel expenses, the excess amount of the Travel Advance must be deposited with the State Treasurer on the bank deposit. SCEIS will need to be contacted if completed on a document for a journal entry to be made.

5. General Rules

- a. Registration Fees: If a registration fee includes a meal, charge the State allowance for the meal to travel and the difference to registration fees. Meals which are optional or stated separately from the registration fee may not be prepaid by the agency. An employee may be reimbursed for optional meals with the approval of the agency head. In this case, the full amount of the meals will be charged to meals under the travel codes.
- b. Meetings of boards, commissions, or committees whose reimbursement is established by law are not considered statewide meetings. Providing meals and refreshments for staff meetings is prohibited.

Porterage may also be reimbursed when an employee has heavy, excess equipment needed to conduct official state business.

- e. Telephone Calls: Telephone calls made for official business of the State are reimbursable. Personal telephone calls generally are not reimbursable; however, an employee, traveling overnight on state government business, may be reimbursed for a brief call to his or her residence (averaging not more than one call per day). A fixed charge by a hotel for telephone service may be charged as part of lodging.
- f. Receipts: When a State employee, member of the General Assembly, board, commission, or committee member is in an overnight travel status, receipts for hotel or motel accommodations must be attached to the document before payment will be authorized. Receipts for meals and taxis are not required by the Comptroller General's Office.

- g. Most Economical Mode of Travel:

When an employee elects to drive his/her car for his/her own convenience when air fare is more economical, the employee is entitled to the following reimbursement:

- (1) Mileage equal to the amount of coach or tourist airplane fare. When submitting this information on the travel document, the actual number of miles driven will be listed on the document in the "No Miles" column. The amount of coach class air fare will be entered on the document in the transaction amount column.
- (2) Vicinity mileage incurred on official business in lieu of using a taxi.
- (3) Storage fees for automobile equal to that which would have been incurred if the automobile had been stored at the airport. Enter in Miscellaneous Section of the Travel Support Document.

SUBSISTENCE

- (4) Subsistence which would begin on the date when airplane connections would have required departure and end on the date when airline connections would have returned the employee to his original departure point. Any period of time which exceeds these guidelines will be at the employee's expense and no reimbursement for subsistence will be paid.
- h. Attendance at Statewide, Regional, or District Meetings: Employees required by their agency head, as a part of their official duties, to attend statewide, regional, or district meetings within the area in which the employee is headquartered, may receive reimbursement for the cost of meals at such meetings. If the cost of the meal exceeds the state allowance, receipts must be provided in order to receive reimbursement. At least 75% of those attending the meeting must be employees of other agencies or outside organizations. Meetings of boards, commissions, and committees are not considered statewide, regional or district meetings.
- i. Payments to Vendors for Airline Tickets: Payments to travel agencies or airlines for airline tickets can be made.
- The name, employee number, number of trips, and cost of ticket for each traveler must be entered in the appropriate space.
- j. Payments to Car Rental Agencies and Others: It is also possible to capture detailed information on individuals who have used agency credit cards to rent cars for official State business. To make payments to car rental agencies, submit a document to our office with the car rental agency as payee.
- k. Payments to Motels for Rooms: Agencies may contract with lodging facilities to pay on behalf of an employee (room charge and applicable taxes only). Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority by the Comptroller General or the State Auditor.
- l. Payments to Vendors for Statewide Meetings: Agencies may contract with vendors to provide meals served at statewide, regional or district meetings. At least 75% of those attending the meeting must be employees of other agencies or outside organizations. Agency meetings that do not meet the preceding requirement are not considered statewide, regional or district meetings. If an agency makes payment for meals on behalf of an employee of another agency, the home agency will be notified of the transaction by

the agency making the payment. A list of all participants and their place of employment, if other than a state agency, must be attached to the document in addition to an invoice from the vendor. **Meetings of boards, commissions and committees are not considered statewide, regional or district meetings.**

- m. Travel Expenses When Accompanied by Dependent: A provision in the travel regulations states "If a dependent accompanies an employee on an authorized business trip, only those expenses which may be directly attributed to the employee may be reimbursed." The reimbursement of lodging expenses to a state employee when accompanied by a dependent on an official business trip would be the amount of the single room rate. However, some agency directors have made their internal agency requirements more restrictive as dictated by agency requirements and this is permitted by the Comptroller General.
- n. In-State Air Travel: Documents are occasionally submitted requesting reimbursement for in-state travel in a private airplane. The use of private aircraft will be reimbursed at the regular mileage rate for the official Highway Department mileage as indicated on a current State Highway map.
- o. Board, Committee and Commission Members: Board, Commission and Committee members are considered State employees for the purposes of filing for travel reimbursement.
- p. Job Interviews: Reimbursement of travel expenses to persons interviewing for state employment, whether paid from State-appropriated, federal, or other funds, is allowed in accordance with the following provisions:
 - 1. Travel expenses, within the limitations applicable to State employees, may be paid to individuals being considered for employment by a State government agency if the head of the interviewing agency makes a specific, formal determination in each case that all of the following apply: (a) the significance of the position to be filled is such that it warrants incurring such costs; (b) the costs do not exceed the expense of conducting the interview at the interviewee's home area or elsewhere; and (c) qualified candidates residing within South Carolina are considered before candidates from other states are sought.

2. Where the position to be filled is that of an agency head, the determination referenced in (1) above must be made by the Chairman of the Board or Commission of the interviewing agency.

The State does not pay personnel agency charges assessed for locating an applicant for a position unless prior written approval is obtained from the SC Division of State Human Resources. Any such fees incurred are the responsibility of the applicant if prior written approval was not obtained.

- q. Travel Paid to An Employee of Another Agency: No employee of any state department or institution shall be paid any compensation from any other department of the state government except with the approval of the State Comptroller General, and no employee of any department or institution shall be paid travel expenses by any other department or institution without approval of the agency by which he is regularly employed. This approval is usually in form of a letter letting home agency know that another agency is reimbursing that employee for travel.

- r. Parking: Parking fees for state-owned and privately-owned vehicles are reimbursable upon presentation of a paid receipt. No reimbursement shall be made to operators of state-owned or privately-owned vehicles who must pay fines for moving or non-moving violations. **A receipt for parking must be submitted with the disbursement document.**

- s. Reimbursement by Other Agency or Organization:

If a state employee receives reimbursement from an agency or organization with which he is involved for travel expenses or services, travel reimbursement from the State is not allowed.

If such an organization pays a part of the expenses, the employee should request reimbursement from the State, not to exceed State allowances. The employee's home agency should ensure that the organization reimburses the State and the account from which the disbursement was made is credited with the refund.

6. Advance Payment of Airfares and Registration Fees:

Section 11-3-121 of the Code of Laws of South Carolina states:

This schedule must continue from one fiscal year to another without interruption, on a twice-monthly basis. The State Department of Administration may approve changes to this schedule where circumstances are considered justifiable.
- (B) The appropriated salaries for specified positions means the maximum compensation for the position, except as specifically provided in other provisions of the annual general appropriations act or other provisions of law, and if the head of a department is able to secure the services for a particular position or work at a lower rate than the salary specified in the annual general appropriations act, the agency head is authorized to pay a lower salary.

DONATIONS

1. Deposit of Funds

"The State Treasurer, with the advice and approval of the State Fiscal Accountability Authority, shall keep in a general deposit account all monies held by him for the account of all state funds which, in the opinion of the authority, may be properly consolidated. The authority shall designate the accounts which shall be so kept and the accounts which shall be carried as special deposits. The records of the State Treasurer and the Comptroller General shall, at all times, reflect the true cash balance of each fund comprising the general deposit account. Properly authorized obligations of the respective state funds comprising the general deposit account shall be paid therefrom, but no overdraft shall be permitted in any funds which will not be covered by the receipt of revenue or monies belonging to such fund within a reasonable time.

SECTION 11-13-45. Deposit and handling of federal funds; donations from other sources.

All federal funds received must be deposited in the State Treasury, if not in conflict with federal regulations, and withdrawn from the State Treasury as needed, in the same manner as that provided for the disbursement of state funds. If it is determined that federal funds are not available for, or cannot be appropriately used in connection with, all or any part of any activity or program for which state funds are specifically appropriated for the fiscal year to match federal funds, the appropriated funds may not be expended and must be returned to the general fund, except upon specific written approval of the State Fiscal Accountability Authority. Donations or contributions from sources other than the federal government, for use by any state agency, must be deposited in the State Treasury, but in special accounts, and may be withdrawn from the treasury as needed to fulfill the purposes and conditions of the donations or contributions, if specified, and if not specified, as directed by the proper authorities of the department. The expenditure of funds by state agencies from sources other than general fund appropriations are subject to the same limitations and provisions of law applicable to the expenditure of appropriated funds with respect to salaries, wages or other compensation, travel expense, and other allowance or benefits for employees.

SECTION 2-65-20 Appropriation of anticipated federal and other funds.

DONATIONS

SECTION 2-65-20 Appropriation of anticipated federal and other funds.

- (1) All agencies shall provide to the Governor, as part of their budget submissions, detailed statements of the sources of all federal and other funds contained in their budgets.
- (2) All state agencies shall submit programmatic and financial information for all federal funds the agencies seek to expend in the fiscal year to the Governor in a manner prescribed by the Governor. The submission must provide a separate listing of all conditions imposed on this State if the funds are accepted and expended, including, but not limited to, matching requirements; maintenance of effort requirements for the activity for which the funds are to be expended; limits on program changes, including eligibility requirements, either by agency action or legislative enactment; and any other requirements that limit the authority of this State, by legislative enactment or administrative process to revise, extend, or eliminate the activity in aid of which the federal funds are to be expended. The submission also must include information on all federal funds available to the agency or for which the agency is eligible to request or draw upon that have not been requested or drawn upon due to insufficient matching funds being available or any other reason and also must include the potential costs, conditions, and restrictions of the federal program providing or offering the funds. The information must be submitted in a timely manner so as to permit review of the projects as part of the budget process.
- (3) The Governor shall provide to the Ways and Means Committee and the Senate Finance Committee at appropriate times during the budget review process his recommendations with respect to federal funds proposed for inclusion in the agency's budget request. A favorable recommendation must include the Governor's specific request for the inclusion of the federal funds and the details of the conditions imposed by the inclusion and appropriation of the federal funds.
- (4) The appropriation of federal funds must be decreased to the extent that receipts from these sources do not meet the estimates reflected in each section of the appropriations act.
- (5) With the exception of funds defined as "exempt" in Section 2-65-100, no agency may receive or spend federal or other funds that are not authorized in the appropriations act, but unanticipated federal or other funds may be received and spent upon authorization pursuant to Section 2-65-30 or 2-65-40, as applicable.

2. Expenditure of Funds

- (A) A state agency may receive and spend unanticipated federal funds, and funds from private foundations or industries, which are not included in the appropriations act, but state agencies must submit expenditure proposals to the board and receive authorization from the board before expenditure of funds. No authorization may be made without first securing and considering the board's recommendation on each expenditure proposal. The request must include the conditions imposed on the state's receipt and expenditure of the federal funds as those conditions are described pursuant to Section 2-65-20(2), and the board's authorization to receive and expend the federal funds must specifically accept those conditions. Any such authorization is subject to all the following standards:
 - (1) The unanticipated nature of the receipt of the federal funds precluded the consideration and approval of the federal funds as part of the state appropriations process as described in Section 2-65-20.
 - (2) The federal funds will assist the applicant state agency to achieve objectives or goals in keeping with the recognized powers and functions of the state agency.
 - (3) The applicant state agency is the appropriate entity to conduct project activities, and no duplication of services is created by the authorization.
 - (4) State matching funds, if required, are available within the existing resources of the applicant state agency.
 - (5) The project benefits the health or welfare of the people of the State.
- (B) Notwithstanding any other provisions of this chapter, no authorization of unanticipated federal or private foundation or industry funds may involve a commitment of future legislative enactment to provide additional state funds to support the project.
- (C) The board shall provide the House Ways and Means Committee and the Senate Finance Committee with periodic reports which describe actions taken under the provisions of this section.
- (D) Notwithstanding any other provisions of this chapter, a state agency may not implement an unanticipated major federal program without prior approval of the General Assembly, except:

- (2) If the unanticipated program creates services not currently provided, and the board agrees that delayed implementation would result in a significant loss of federal funds to the State, the program may be authorized by the board to proceed at a minimal level, until such time as the General Assembly may act.

SECTION 50-3-510. Authorization to contract; required findings; approval by State Forester.

The department may, subject to the provisions of this article, contract for the harvest of timber on any lands held by the department. No contract for such cutting and sale may be entered into and no timber may be cut or sold unless the board votes that the cutting and sale of the timber is for the best interests of the department and the improvement of its lands, by reason of thinning the timber, harvesting the over-age trees and improving general forestry conditions. Before selling or cutting the timber the department shall coordinate with the State Forester to have the timber cruised and an estimate of the value made. If the State Forester finds that the sale is not in keeping with good forestry practices or will adversely affect the remainder of the timber, the sale must not be made.

SECTION 50-3-515. Exception for lands which were used for agriculture or managed forestland before acquisition by department.

Notwithstanding any other provision of law, lands which were used for agriculture or managed forestland before acquisition by the department must be managed and the timber harvested to provide optimum fish and wildlife habitat. If the department uses Best Management Practices when managing or harvesting timber, there is no adverse effect on historical properties or archeological sites.

SECTION 50-3-520. Advertising for bids; rejection of bids; terms of sale.

If the sale is recommended by the State Forester, the department shall publicly advertise for bids for the timber at least three weeks before the closing of the bidding. The department has the right to reject any and all bids, either on account of the amounts of the bids or the lack of experience and responsibility of the bidder. A sale agreed upon must be for cash.

SECTION 50-3-525. Ecological or silviculture emergencies or natural disasters.

Section 11-11-160 of the Code of Laws of South Carolina reads as follows:

“The General Assembly shall appropriate all state funds and authorize or appropriate, or both, the use of all federal and other funds for the operations of state agencies and institutions for the current fiscal year. Transfers of these appropriations or authorizations may be approved by the State Fiscal Accountability Authority under its authority or by the agency as provided in the annual general appropriations act. An agency which requests or transfers personal service funds must indicate on the transfer document whether or not a reduction in force is involved. To the extent practicable, all agencies and institutions having federal or other funds available for the financing of their operation shall expend these funds in accordance with the provisions of the annual general appropriations act. The authorization to spend federal and other funds must be decreased to the extent that receipts from these sources do not meet the estimates as reflected in each section of the annual general appropriations act and any increase must be authorized through the review process as provided in Chapter 65 of Title 2.

Section 2-65-20 of the Code of Laws of South Carolina 1976 reads as follows: "The General Assembly shall appropriate all anticipated federal and other funds for the operations of state agencies in the appropriations act and must include any conditions on the expenditure of these funds as part of the appropriations act, consistent with federal laws and regulations. activity in aid of which the federal funds are to be expended. The submission also must include information on all federal funds available to the agency or for which the agency is eligible to request or draw upon that have not been requested or drawn upon due to insufficient matching funds being available or any other reason and also must include the potential costs, conditions, and restrictions of the federal program providing or offering the funds. The information must be submitted in a timely manner so as to permit review of the projects as part of the budget process.

- (3) The Governor shall provide to the Ways and Means Committee and the Senate Finance Committee at appropriate times during the budget review process his recommendations with respect to federal funds proposed for inclusion in the agency's budget request. A favorable recommendation must include the Governor's specific request for the inclusion of the federal funds and the details of the conditions imposed by the inclusion and appropriation of the federal funds.
- (4) The appropriation of federal funds must be decreased to the extent that receipts from these sources do not meet the estimates reflected in each section of the appropriations act.
- (5) With the exception of funds defined as "exempt" in Section 2-65-100, no agency may receive or spend federal or other funds that are not authorized in the appropriations act, but unanticipated federal or other funds may be received and spent upon authorization pursuant to Section 2-65-30 or 2-65-40, as applicable.

2. Federal Fund Allocations

- (A) A state agency may receive and spend unanticipated federal funds, and funds from private foundations or industries, which are not included in the appropriations act, but state agencies must submit expenditure proposals to the board and receive authorization from the board before expenditure of funds. No authorization may be made without first securing and considering the board's recommendation on each expenditure proposal. The request must include the conditions imposed on the state's receipt and expenditure of the federal funds as those conditions are described pursuant to Section 2-65-20(2), and the board's authorization to receive and expend the federal funds must specifically accept those conditions. Any such authorization is subject to all of the following standards:
 - (1) The unanticipated nature of the receipt of the federal funds precluded the consideration and approval of the federal funds as part of the state appropriations process as described in Section 2-65-20.

- (2) The federal funds will assist the applicant state agency to achieve objectives or goals in keeping with the recognized powers and functions of the state agency.

- (4) State matching funds, if required, are available within the existing resources of the applicant state agency.
- (5) The project benefits the health or welfare of the people of the State.
- (B) Notwithstanding any other provisions of this chapter, no authorization of unanticipated federal or private foundation or industry funds may involve a commitment of future legislative enactment to provide additional state funds to support the project.
- (C) The board shall provide the House Ways and Means Committee and the Senate Finance Committee with periodic reports which describe actions taken under the provisions of this section.
- (D) Notwithstanding any other provisions of this chapter, a state agency may not implement an unanticipated major federal program without prior approval of the General Assembly, except:
 - (1) that to the extent that the unanticipated program replaces existing services currently provided by a state agency, other governmental entity, private nonprofit organization, or other service provider, the services may be authorized by the board to continue at an equivalent level, within the constraints of federal law and funding, until the General Assembly acts;

3. Other Funds Authorization

- (A) State agency may spend "other" funds above the amount in the appropriations act and increases in anticipated federal programs if the expenditure of the funds receives the authorization of the board.
- (B) Authorizations under this section are subject to the following standards, as applicable:
 - (1) The proposed use of the funds do not result in a fund of surplus money which may be used by the agency to expand programs without legislative approval;
 - (2) If the funds are earmarked for specific use in the appropriations act, or by federal law or regulation, any additional funds must be used for the same purpose;
 - (3) If the increase results from a fee or charge for service, the agency has the legal authority to impose the fee, and has secured any approvals required by applicable law or regulations;
 - (4) The proposed use of funds assists the state agency to achieve objectives or goals in keeping with the recognized powers and functions of the state agency;
 - (5) If the funds are generated from a new revenue source:
 - (a) The proposed use of funds covers only a minimum amount of administrative costs necessary to support the revenue collection, and any excess must be remitted to the general fund of the State;
 - (b) It is determined that the requesting state agency is the appropriate entity to carry out the proposed activities and no duplication of services is created by the authorization;
 - (6) If the increase in federal funds requires a corresponding increase in state matching funds, the state match is available from existing resources.

The board shall provide the House Ways and Means Committee and the Senate Finance Committee with periodic reports which describe actions taken under the provisions of this section.

4. Research Grants and Student Loan Funds

Agencies shall include estimates of research and student aid funds in the detailed budget statements required in Section 2-65-20 of this chapter. Agencies may not be required to submit the detailed programmatic and financial information required in Section 2-65-20(2) of this chapter, except that the agencies must furnish to the board notices of actual awards and allocations of research and student aid funds within fourteen days of receipt of the notices from funding agencies. The board shall maintain quarterly reports of the funds received by the agency, and must, upon request, provide copies to the House Ways and Means Committee or the Senate Finance Committee, or both.

5. Deposit of Funds

Section 11-13-45 of the Code of Laws of South Carolina reads as follows:

"All Federal Funds received must be deposited in the State Treasury, if not in conflict with Federal regulations, and withdrawn from the State Treasury as needed, in the same manner as that provided for the disbursement of state funds. If it is determined that federal funds are not available for, or cannot be appropriately used in connection with, all or any part of any activity or program for which state funds are specifically appropriated for the fiscal year to match Federal funds, the appropriated funds may not be expended and must be returned to the General Fund, except upon specific written approval of the State Fiscal Accountability Authority. Donations or contributions from sources other than the Federal Government, for use by any state agency, must be deposited in the State Treasury, but in special accounts, and may be withdrawn from the treasury as needed to fulfill the purposes and conditions of the donations or contributions, if specified, and, if not specified, as directed by the proper authorities of the department. The expenditure of funds by state agencies from sources other than General Fund appropriations shall be subject to the same limitations and provisions of law applicable to the expenditure of appropriated funds with respect to salaries, wages or other compensation, travel expense, and other allowances or benefits for employees."

The sections of the Code cited above have been interpreted to mean that all monies deposited in the State Treasurer's Office are "State" monies regardless of their source of origination. This means that all State Rules, Regulations and laws applying to the disbursement of appropriated funds apply to all other funds deposited in the State Treasurer's Office.

In determining the next most economical mode of travel, the following items must be considered:

LATE PAYMENT CHARGE REGULATIONS

1. General

Effective January 1, 1983, the General Assembly mandated compliance of all State agencies with Section 11-35-45 of the South Carolina Code of Laws which is a component of the South Carolina Consolidated Procurement Code. This section requires the delivery of a document for payment to the Comptroller General's Office within thirty (30) workdays from the receipt of the goods and/or services, whichever is later. Interest not to exceed 15 percent per annum will be levied against the agency's funds for the unpaid balance beginning on the thirty-first (31) workday.

2. Policy

These regulations are promulgated by the South Carolina Comptroller General's Office and apply to all State agencies. Agencies currently authorized to make lump sum withdrawals on documents will be expected to comply with these regulations. State agencies on the Comptroller General's system are expected to exercise prudence to ensure all invoices and vouchers are delivered to the Comptroller General's Office within thirty (30) workdays to avoid the assessment of late payment charges. No Interest Expense - Late Payment charges will be paid to a vendor if the invoice with the voucher was received by the Comptroller General's Office within thirty (30) workdays. It is the duty and responsibility of the respective agency, board, commission or institution director to ensure compliance with these regulations.

3. Code of Laws of South Carolina 1976, Section 11-35-45 (Amended) read as follows:

- (A) All vouchers for payment of purchases of goods or services shall be delivered to the Comptroller General's Office within thirty (30) work days from acceptance of the goods or services and proper invoice. After the thirtieth work day, following acceptance or the postmark on the invoice, the Comptroller General shall levy an amount not to exceed fifteen percent per annum from the funds available to the agency, such amount to be applied to the unpaid balance to be remitted to the vendor unless the vendor waives imposition of the interest penalty.
- (B) All agencies and institutions of the State are required to comply with the provisions of this section. Only the lump sum institutions of higher education are responsible for the payment of all goods or services within thirty (30) work days after the acceptance of the goods or services and proper invoice, whichever is received later, and shall pay an amount not to exceed fifteen percent per annum on any unpaid balance which exceeds the thirty (30) work-day period, if the vendor specifies on the statement or the invoice submitted to such institutions that a late penalty is applicable if not paid within thirty (30) work days after the acceptance of goods or services.

State of South Carolina Statewide Disbursement Regulations

LATE PAYMENT CHARGE REGULATIONS

- (C) The Comptroller General shall issue written instructions to the agencies to carry out the intent of this section. All offices, institutions and agencies of state government shall fully cooperate with the Comptroller General in the implementation of this section.
- (D) The thirty-day period shall not begin until the agency, whether or not the agency processes vouchers through the Comptroller General, certifies its satisfaction with the received goods or services and proper invoice.

4. Exemptions

Pursuant to action of the State Budget and Control Board on May 27, 1986, services for gas, electricity, telephone, water, and sewer services are exempt from the application of late payment charges under Section 11 -35-45. The Board's action allows public utilities to assess late payment charges under their respective tariffs as approved by the Public Service Commission.

5. Current Interest Rate

Pursuant to Section 11 -35-45, the current annual percentage rate established by the Comptroller General's Office on March 28, 1994 is 6.25%.

6. Interest Expense - Late Payment Charges

- A. No Interest Expense - Late Payment charges will be paid to any political sub-division of the State or to any company owned or operated by any political sub -division of the State under the provisions of the South Carolina Consolidated Procurement Code.
- B. No Interest Expense - Late Payment charges will be paid to any State employee. This proviso applies to payments for travel, dual employment or any other business conducted with an agency of the State.
- C. No Interest Expense - Late Payment charges will be paid to any State legislator, board or commission member for travel expenses.
- D. The thirty (30) workday time frame begins with the agency's receipt of the goods or services or the invoice, whichever is later. The agency is responsible to see that the information necessary to determine when the invoice is received by the agency is shown on the invoice. The time frame ends with the receipt of the voucher and invoice in the Comptroller General's Office.
- E. Commencing on the thirty-first (31) workday after delivery of goods or services and invoice to the agency, a daily finance charge (0.0171232%) will be assessed. This charge will cease when

the invoice and voucher are received by the Comptroller General's Office. This late payment charge will be added to the voucher by the Central State Audit Division of the Comptroller General's Office. Agencies will be notified of all changes made through a telephone conversation. This will be confirmed in writing with a form issued by the Comptroller General's Office for each invoice affected. However, no assessments will be made for less than \$5.00.

- F. The agency is responsible for notifying the vendor that the check amount includes a late payment charge assessment.
- G. Invoices with vouchers received by the Comptroller General's Office which are over thirty (30) workdays old, will be assessed the interest penalty. A written explanation for the delay must be attached if the late payment charge is not to be applied. It will be the responsibility of the agency to attach any explanations needed to the invoice.
- H. Any late payment charges submitted by a vendor on an invoice should be deleted. However, every courtesy should be extended to the vendor in resolving any misunderstandings. If the agency determines a late payment charge is owed the vendor, a document should be submitted to the Comptroller General's Office. The general ledger code -Interest Expense - Late Payment Charges would be used to pay the charge. The interest expense would be computed at 6.25 percent per annum.
- I. Orders not filled in their entirety will not be entitled to the late payment charge. Thirty (30) workdays after the entire order has been delivered, a late payment charge may be assessed as provided in these regulations. This does not apply to split delivery orders when this is stipulated on the purchase order. Partial orders may be paid at the agency's discretion but no late payment charges will be allowed. Payments on partial orders should be noted as such on the invoice.
- J. Disagreements concerning the delivery of goods and services are between the agency and the vendor and must be settled between those parties. The Comptroller General's Office will not arbitrate these disagreements.
- K. Each agency will have a line item budget category established in their administration for Interest Expense - Late Payment Charges. It will not be funded. As late payment charges are assessed, it will be charged to this line in the agency budget. At the end of the month, every agency which has processed a late payment charge will receive a statement from the Comptroller General's Office. Each agency will process a journal entry moving the charge to the fund detail using the same general ledger code shown on the statement.

State of South Carolina Statewide Disbursement Regulations

LATE PAYMENT CHARGE REGULATIONS

- L. Documents containing errors will be rejected, note that documents are posted once they reach the Comptroller's Office. Please consider the following when documents are rejected for corrections:
 - (1) The number of days from the departure from our office to the return to our office will be calculated. This figure will be added to the number of days from the initial agency receipt to delivery at the Comptroller General's Office. If the total number of workdays exceed thirty (30), a late payment charge will be added to the document total.
 - (2) If the invoice attached to the voucher has already exceeded the thirty (30) workday time period allowed for payment, another problem is created. The number of days from the voucher's departure from our office until the return of the voucher to the Comptroller General's Office will be calculated. This will be added to the number of days on which a daily late payment was already owed. The total number of days in these circumstances will then be used to compute the interest late payment charges owed to the vendor.
- M. When a vendor refuses an Interest Expense - Late Payment charge on an invoice(s), two methods exist for repayment to be made to the State:
 - (1) If the vendor is one with which the agency deals consistently, the vendor may issue a credit on the next invoice submitted to the agency. When the credit is used, it must be shown as a line of accounting information on the voucher. A credit may be used by any division within the agency but it must be used within the assigned budget category.
 - (2) A vendor may also issue a check to the agency if a late payment charge is refused. The check must then be deposited back into the "account" from which it was paid.
- N. An agency may encounter some vendors, with which it deals, who do not wish to accept a late payment charge. When this occurs, a written document to this effect from the agency's finance director or the vendor must be attached to the document.
- O. Agencies should always take advantage of discounts offered and/or stated on invoices. Considerable savings could result with the implementation of this policy.
- P. Agencies currently operating with a "lump sum" status are also expected to comply with Section 11-35-45 of the South Carolina Code.
