**NATHAN KAMINSKI, JR.**  
CHIEF OF STAFF

**MEMORANDUM**

**TO:** State Agency Heads

**FROM:** Richard Eckstrom  
Comptroller General

**RE:** Travel Report – Fiscal Year 2004-2005

**DATE:** October 3, 2005

The enclosed Travel Report for Fiscal Year 2004-2005 is provided for your information. The Comptroller General's Office compiled the report from data recorded in the Statewide Accounting and Reporting System (STARS). Agencies that receive state appropriations but have the authority to issue their own checks and maintain their own accounting systems also submitted data for inclusion in this report.

The report is intended to be used as a management tool to assist agency heads in ensuring that the state's financial resources are being used efficiently. Feel free to contact me if you have any questions concerning this report.

/jh

## **PREFACE**

The Comptroller General's Office compiled this report on travel expenditures for the fiscal year ended June 30, 2005, to the extent possible, from data recorded in the Statewide Accounting and Reporting System. Agencies that receive state appropriations but have the authority to issue their own checks and maintain their own accounting systems such as the state's technical colleges, universities and the Jobs Economic Development Authority submitted the data needed for inclusion in this report. The South Carolina State Ports Authority also maintains its own accounting system but does not track travel expenditures by traveler or location. Therefore, no travel data for the State Ports Authority is included in Sections One and Two of this report. A narrative for the State Ports Authority is included in Section Three. Also, employee job titles were obtained from the Budget and Control Board's Office of Human Resources (OHR) except for legislative and judicial agencies. Each legislative and judicial agency submitted the job titles for persons listed in this report.

The report includes travel related expenditures paid from state, federal, and other sources by all agencies that received appropriations in the 2004-2005 Appropriations Act. Expenditures for state-owned leased cars and employee moving expenses are not included. The report is divided into three sections.

Section One contains a summary of in-state, out-of-state, and non-state employee travel expenditures by agency. Out-of-state travel includes travel outside of the borders of the United States. Non-state employee travel represents expenditures by non-state employees for transportation, mileage, lodging, meals, and other legal charges necessary in the performance of their services while under contract with the State. This category includes registration fees and travel paid to volunteer workers. Agencies are listed in descending order beginning with the agency that spent the most on travel.

Section Two ranks each agency by the total amount spent on in-state and out-of-state travel. For each agency, the top twenty-five employee travelers are listed in descending order according to the amount expended. For agencies with more than twenty-five employee travelers, another category is included to show the total travel expenditures of employees not listed in the top twenty-five. In instances where more than one employee incurred the same amount of travel expenditures as number twenty-five, each employee is listed. Therefore, it is possible that some agencies will have more than twenty-five employees listed. Also, persons employed by one agency may incur travel expenditures that are appropriately charged to another agency. In these instances, the employee is listed under the agency that paid for the travel. Expenditures for non-state employee travel are not included in this section. Accordingly, an agency's rank in this section may differ from the rank in Section One.

Section Three contains narratives provided by each agency. The narratives summarize the type travel incurred by each agency. They are listed alphabetically by agency name.

# **SECTION THREE**

**Travel Summaries by Agency  
Generally in Alphabetical Order**

# **TRAVEL SUMMARIES**

## **ACCIDENT FUND, STATE**

The travel incurred by the State Accident Fund during the reporting period consisted of the following services provided to or on the behalf of our policyholders. Onsite audits were conducted to review payroll information and insure proper classification of employees. Safety and loss control services were delivered to our policyholders to assist them in reducing the frequency and severity of their claims. Representation was provided for our policyholders at administrative hearing. Customer relation visits were conducted. Additionally, key agency personnel attended professional conferences and training seminars.

## **ADJUTANT GENERAL'S OFFICE**

The breakdown of the top 25 employees' travel expenditures for the Adjutant General's Office were as follows:

### **Army Guard Master Cooperative Agreement (MCA) 12**

Operations and Maintenance had 2 employees, Environmental had 7, Distance Learning had 2, and ITAM had 1 employee in the top 25. All expenditures were 100% federal. Most expenditures were related to National Guard Bureau (NGB) training and conferences held out of state. Two Distance Learning employees had significant in-state travel to various distance learning sites to install and maintain the equipment and sites. One Environmental employee had significant in-state travel to armories in support of the hazardous materials/waste program.

### **Youth Challenge 6**

Expenditures were for three employees from each of the two programs. Most travel was mandated by the NGB and received 100% federal funding vs. the normal 60/40 funding for Youth Challenge.

### **Emergency Management Division 6**

Three employees' travel related to radiological emergency response planning paid from earmarked funds from the State's five nuclear facilities. Another employee's travel related to implementing the National Incident Management System in S.C. that is required and paid for by Homeland Security. One is the Hurricane Program Manager whose travel is 50% federal and 50% state. The Director of EMD represents the State at the national and regional level. His travel included the National Hurricane Conference, National Emergency Management Association Conference, and in-state training events.

### **Air Guard MCA 1**

100% federal expenditures were for one firefighter attending three training courses, two of which were not offered in S.C. The other course was to certify the employee to maintain and upkeep specific equipment, thereby saving the department money.

## **ADMINISTRATIVE LAW JUDGES**

For the Fiscal Year ending June 30, 2005, The SC Administrative Law Court spent \$3,901.18 on in-state travel which consisted of ten employees attending the annual SC Administrative Regulatory Law Conference, Continuing Legal Education courses for six employees, and reimbursable mileage for one Administrative Law Judge to travel from his home in Simpsonville to attend hearings in Columbia.

\$2,586.56 of out of state travel was used by the Chief Judge to attend the National Association of Administrative Law Judges annual conference in Baltimore, Maryland and for two judges to attend the Central Panels Director's conference in Seattle, Washington.

## AGRICULTURE DEPARTMENT

To accomplish the mission of this agency and keep agriculture a strong industry in our state, our staff must travel extensively both in and out of state.

Many of our employees visit with major chain receivers, food service companies, food and agricultural product brokers and varieties of others involved in the food, fiber and beverage industry both in state and out of state. Our consumer service inspectors must travel to ensure compliance with our petroleum, weight/measure and food statutes.

## ALCOHOL AND OTHER DRUG ABUSE SERVICES

In FY05, the S.C. Department of Alcohol and Other Drug Abuse Services (DAODAS) primarily incurred travel expenses for the purposes of conducting compliance reviews of local agencies and attending/conducting training events and professional conferences. To reduce expenses associated with the compliance reviews, staff from various areas (e.g., Treatment, Quality Assurance) traveled together to the local agencies, conducting simultaneous reviews across a range of topics. These visits rarely involved overnight stays. In most instances of out-of-state travel, the trips were required through grants received by DAODAS, and grant/federal funds (not state funds) were used to pay for these trips.

## APPELLATE DEFENSE, OFFICE OF

The South Carolina Office of Appellate Defense reports the travel expenditures for Continuing Legal Education of its Attorney staff. Professional Development training is reported for administrative personnel.

## ARCHIVES & HISTORY, DEPT. OF

Travel expenses for employees represents approximately 22.4% of the agency's total "other operating" expenditures in FY05. All our employees' out-of-state travel was associated with and in support of our mission statement, which is "To preserve and promote the documentary and cultural heritage of the state." We accomplish this through professional records, historic preservation, education and public awareness programs as authorized by South Carolina laws enacted in 1954, 1966, 1973, 1986 and 1990.

Out-of-state travel represents approximately 51% of the total travel expenditures. Approximately 26.22% of the out-of-state travel expense was associated with conservation and preservation of documents and records. Programs for preservation of historic properties and grants expended 43.40% of the total. Programs for education of SC history expended 12.68% of the total. The remaining 17.70% was for professional development and administration for all agency programs.

## ARTS COMMISSION

The majority of the agency's in-state travel expenditures are for visits to constituents throughout the state for grant advisement, planning, meeting facilitation, grant project monitoring, speaking to civic and educational groups, etc. There are also expenditures related to professional development meetings and conferences. Out-of state expenditures are generally for attendance at meetings related to funder-driven national initiatives (e.g., Wallace Foundation START program, in which the SC Arts Commission is one of 13 participating state arts agencies) and professional development conferences.

## ATTORNEY GENERAL'S OFFICE

The Attorney General is South Carolina's Chief Criminal Prosecutor, Chief Legal Officer and Securities Commissioner.

In FY2005 the Attorney General and staff incurred travel expenses related to performing the following official duties.

- Representing the State in prosecuting a variety of criminal cases and conducting supervisory authority over the prosecution of any and all criminal cases in local and state circuit courts in all forty-six counties.
- Representing the State in all death penalty and criminal appeals in both state and federal courts.
- Training and supervising pro-bono domestic violence prosecutors in summary and municipal court.
- Prosecuting cases of Internet crimes against children, including those involving sexual exploitation.
- Investigating and prosecuting cases of Medicaid fraud, patient abuse, and provider fraud.
- Representing the State in civil confinement trials of alleged sexually violent predators under South Carolina's Sexually Violent Predators statute.
- Prosecuting all cases of insurance fraud and violations of State's tax and securities laws.
- Assisting victims of crimes in claiming the benefits guaranteed under the State's Victims Bill of Rights.
- Representing the State when defendants file for Post Conviction Relief and when they appeal their convictions.
- Representing and advising the State, its agencies, political subdivision, and its officials in legal matters where the State was a party to a legal action, either as plaintiff or defendant local, state circuit courts in all forty-six counties and federal courts.
- Investigating and prosecuting grievance complaints filed against attorneys and judges.
- Investigating allegations of fraud or other violations of securities laws.
- Attending various professional conferences, educational training sessions and meetings across the state and nation.

### BLIND COMMISSION

A portion of the travel expenses incurred by the agency are for traveling to various conferences in order to learn about assistive technology for the blind, new techniques for connecting with private employers, and federal regulation updates that have an impact on programs administered by SC Commission for the Blind. Some of these employees make presentations and serve on planning committees. Administrative personnel are required to travel to take notes during meetings for the Commissioner and the Director of Training and Employment due to their visual impairment.

Much of the travel expense is due to the nature of the various positions. Some employees are counselors who train blind individuals in the home, at school and at their places of employment. These counselors each cover a portion of the state. Several employees are consultants to Blind Licensed Vendors who operate food retail establishments and vending machines throughout South Carolina. These employees make monthly visits, set up new locations, audit locations and visit areas with potential new business. There are also employees who travel the state to install, relocate and repair the vending machines.

### BUDGET & CONTROL BOARD

Most of the Budget and Control Board's in-state travel expenses are necessary to and an integral part of service delivery. Examples include travel by Insurance Reserve Fund (IRF) adjusters to resolve insurance claims on properties throughout the state, Research and Statistics' surveyors maintaining/upgrading boundary markers, General Services' Mail carriers transporting mail statewide among agencies, and Retirement and Employee Insurance staff providing education and training to state and local government administrators of those programs. Some in-state travel is for Board staff to participate in training. Out-of-state travel expenses are incurred by the Surplus Property program when, acting as the one agent for the state as required by federal law, it screens federal Surplus Property for eventual disposition to state and local governments. Limited out-of-state travel expense is incurred to consult with actuaries and attorneys regarding tort and property loss claims and with managers of the Retirement Systems' equity investments. Out-of-state expenses also include travel by the Office of Research and Statistics to fulfill contractual obligations, by state officials to meet with the U.S. Department of Defense and other federal officials in an effort to preserve South Carolina's military bases, and by Insurance, Retirement and CIO staff to participate in highly specialized and complex training and professional discussions in their respective areas. Most non-state travel supports the provision of government services through private contractors. These include travel by investigators, adjusters, law firms and actuaries for work relating to the IRF, employee insurance, and Retirement Systems. Travel for local officials in support of efforts to preserve South Carolina's military bases is also reported as non-state employee travel.

**BUDGET & CONTROL BOARD**  
**AUDITOR'S OFFICE**

The Office of the State Auditor incurred travel expenses in FY 2004-05 to send auditors to the physical location of the State agencies and Medicaid providers who were being audited. The out of state travel was to the headquarters of Medicaid providers who have facilities in South Carolina and, in most cases, we were reimbursed for these travel expenses by the provider. Of the \$10,366 spent for out of state travel, \$9,895 was reimbursed to the state by the Medicaid provider.

**CLEMSON UNIVERSITY**

Clemson University expends funds for travel to meet and enhance its mission and to meet the requirements of externally funded sources. Travel supports the following activities at Clemson University: enhancing instruction and promoting academic enrichment, research, public service, (land grant), student programs and recruitment, donor development, and professional development. Many of the federally funded and sponsored research programs at Clemson University require travel to meet program expectations.

**COASTAL CAROLINA UNIVERSITY**

Travel reported by Coastal Carolina University represents faculty and staff travel to conferences, seminars and training sessions, supervision of student fieldwork, and the conduct of research and public service activities.

**COLLEGE OF CHARLESTON**

The College of Charleston (CofC) expenditures for out-of-state travel comprise mainly training and development opportunities for faculty and staff on both national and international levels. Faculty and staff participated in workshops, meetings and conferences around the state to enhance skills and job performance as well as to stay abreast of technology in the various disciplines such as teaching, research, counseling, and automation, only to name a few. CofC employees attended a host of conferences and workshops ranging from the American Council on Education, Gerace Research Center, and the Society of Research Administration to the Association of College Unions International, the National Association of Student Personnel Administrators and the National Association of Graduates.

Annually, the Office of International and Education Programs (OIEP) at the College offers to students a faculty-led program to Santiago, Chile; Cuba; and Trujillo, Spain. The program facilitates opportunities for students to study around the world through a variety of options. This past year international efforts involved working to introduce two new semester programs in La Rochelle, France and Buenos Aires, Argentina. In addition, many of the faculty members engaged in presenting research papers, conducting grant research and administering grant programs. In particular, one grant research administration program requires mandatory participation in the Program for North American Mobility in Higher Education, a grant competition run cooperatively by the governments of the United States, Canada, and Mexico, whose purpose is to promote a student-centered, North American dimension to education and training in a wide range of academic and professional disciplines.

**COMMERCE, DEPT. OF**

The South Carolina Department of Commerce is the economic development and industrial recruiting arm of the state. The staff and leadership of commerce are totally committed to the mission of the agency and believe in striving to enhance the quality of life for all South Carolinians. In our commitment to this mission our Divisions travel to promote and improve economic development for South Carolina.

**Global Business Development:** This Division travels to trade shows (domestic and international) specifically targeted clusters to develop economic development leads. The major travel expenditures of this Division includes prospect and project travel to work and close deals for new and existing businesses looking to locate or expand in South Carolina.

**Business Solutions:** This Division travels on trade missions to assist South Carolina companies to market their products globally and to work prospects and travel to work and close deals for film looking at South Carolina. Travel is also needed to visit with small businesses, recycling business and existing industries in South Carolina.

**Community and Rural Development:** This Division travels primarily within South Carolina assisting rural communities in strategic planning and making their communities more competitive.

**Aeronautics:** This Division travels to the General Aviation Airports to assist them with maintenance and strategic planning.

**Administration and Grants and Incentives:** These two Divisions travel to provide technical assistance to grantees and to monitor grants that have been awarded.

#### COMPTROLLER GENERAL'S OFFICE

During fiscal year 2004-2005, the Comptroller General attended the annual conference of the National Association of State Comptrollers (NASC). As a member of the Budget and Control Board, and as a trustee of the South Carolina Retirement System, the Comptroller attended training and workshops for retirement system trustees. As co-chairman of the Military Base Task Force, and as part of the Base Realignment and Closing (BRAC) process, the Comptroller, together with officials and representatives from South Carolina military communities, attended meetings in Washington, D.C. with Pentagon and Department of Defense officials; and attended meetings of the National Association of (Military) Installation Developers (NAID).

#### CONSERVATION BANK, SOUTH CAROLINA

The employee of the SCCBank travels to various locations in the state to physically review land and conservation easement proposals and applications with landowners and qualified entities.

#### CONSUMER AFFAIRS

***In-State Travel:*** Expenditures for meals (\$1,422.00) and lodging (\$3,068.21) were attributable mostly to investigators during the performance of their duties investigating pawnbrokers, mortgage brokers, physical fitness centers, etc. Other expenditures for meals and lodging were for employees who attended workshops and seminars. Personal auto mileage reimbursement (\$1,659.82) was provided mainly to commissioners and council members for them to attend monthly meetings. Some employees were reimbursed for mileage when they used their personal automobile because it was more practical for them to use their own vehicles. Miscellaneous travel expenditures (\$32.50) were mostly for parking. Registration fees (\$4,015.00) were for employees who attended conferences, seminars, and workshops.

***Out-of-State Travel:*** Expenditures for meals (\$2,238.00), lodging (\$8,241.61), air travel (\$5,267.99), other transportation (\$667.10), miscellaneous travel (\$805.80) and registration fees (\$736.00) were mostly attributable to Chief Investigator Kadlowec. As part of his job duty to investigate and enforce federal and state odometer laws and regulations, conduct investigations and prosecute individuals for odometer fraud, he must travel often to DC to prepare for cases and testify before federal grand juries. He also attends training sessions, workshops and conferences pertaining to odometer fraud. Other expenditures were for employees who also attended seminars, conferences and workshops as part of their job functions.

#### CORRECTIONS, DEPT. OF

Travel expenditures of the SC Department of Corrections for the fiscal year 2005 were incurred to enhance efficiency and provide a more knowledgeable, better-trained staff. In-State expenditures were incurred to (1) to send employees to professional correctional conferences to update their knowledge of professional trends and advancements, (2) to pay mileage and hotel expenses of employees temporarily relocated, and (3) to pay travel costs of Prison Industries Sales staff.

The primary uses of out-of-state travel funds were (1) to send employees to professional correctional conferences to update their knowledge of professional trends and advancements, (2) to agricultural conferences to learn the newest and most efficient methods in dairy and beef production, and to comply with requirements of federal grants.

#### DEAF AND THE BLIND, SCHOOL FOR THE

1. Twelve (12) of the highest 25 in our agency, are weekend bus drivers and attendants transporting students to various areas of the state. Students are taken home on Fridays and brought back on Sundays during school year; these expenses are for their weekend meals & lodging.
2. Eight (8) of these are employees who work in our Outreach Division. They provide services to all areas of the state (i.e. interpreting services for the Deaf; teachers providing services to various school districts; special instruction in the homes of families with deaf and/or blind infants and toddlers). All of these are revenue-generating activities.
3. Three (3) of these are part of the Telecommunication Equipment Distribution Program making presentation around the state at workshops and conferences showcasing equipment available at no charge to deaf and/or hard of hearing individuals. Also, installation of equipment in individual's homes if needed, along with instructions. These expenses are paid for through contract between SCSDB & Office of Regulatory Staff.
4. One (01) went to training in Charlotte, NC on Kronos Time Keeping System and one (01) is our Special Education Director whose travel includes SACS Accreditation, Admissions/Recruitment, and the Special Education Statewide Advisory Board.

#### DISABILITIES AND SPECIAL NEEDS. DEPT. OF

With the exception of our auditors who travel in-state extensively performing audits of providers of service, SCDDSN incurs in-state and out-of-state travel expense for professional or management staff to attend various local, regional and national conferences and training sessions. DDSN incurs out-of-state travel expense to visit exemplary disability programs in other states. The information from these visits is used to aid in the design and implementation of programs within our state. These meetings are related to current national trends and/or state-of-the-art technology for serving people with disabilities. Some meetings address particular aspects of disability. Other meetings address the management and overall policy and direction of disability agencies.

#### EDUCATION OVERSIGHT COMMITTEE

The SC Education Oversight Committee incurs travel expenses in support of professional development for its employees in completion of assigned responsibilities (e.g. development of assessment profiles). Professional development through attendance at education policy conferences and meetings also includes travel by the state project director of the Middle Grades School State Policy Initiative (which is administered in part through the Education Oversight Committee). Other travel expenses incurred would include professional development for Education Oversight Committee staff through continuing education initiatives in support of the individual employees' primary duties. As well as, travel expenses incurred by employees, members, and employees of other state agencies who participate in Education Oversight Committee reviews and meeting in support of Education Oversight Committee duties and initiatives.

#### EDUCATION, DEPT. OF

The Department of Education incurs out-of-state travel expenses in discharging its roles, functions, and missions as defined in state law. Department representatives are required to attend national and regional meetings, conferences and workshops relating to federal funded programs. The purpose of these activities is to obtain current federal guidelines, federal regulations and federal procedures for administering federal funded education programs. In many instances, the federal government mandates these activities and South Carolina's receipt of federal education funds are contingent upon attendance at these activities.

Department representatives also attend regional and national education meetings, conferences and workshops. The purpose of these activities is to obtain current information on education issues, gain awareness of the best practices in education, and to facilitate collaboration in the education community. These meetings also contribute to the agency's leadership system and provide the opportunity to identify trends to assist the agency in continuous learning, continuous improvement and the benchmarking process.

#### EDUCATIONAL TELEVISION COMMISSION (ETV)

Educational Television incurs travel expenditures in three main areas: (1) those related to the production of television and radio programs, (2) staff attending regional, national and international meetings of organizations and (3) travel costs for engineering and education staff working throughout the State.

During State Fiscal Year 2004-05 some of the television and radio productions that incurred travel costs included coverage of the Cooper River Bridge construction, Road Show productions in Myrtle Beach, Conway and Greenwood, documentaries for the Carolina Stories series and high school football. ETV staff attended conferences at organizations such as the Public Broadcasting Service (PBS), National Association of Broadcasters (NAB), the International Public TV Screening Conference (INPUT) and the Organization of State Broadcast Executives. Staff in the Education Division travel throughout the state providing outreach activities and training for teachers through the Teacherline, Streamline and Ready to Learn programs. The Engineering Division was upgrading the statewide transmitter system from an analog to a digital signal.

#### ELECTION COMMISSION

Travel for fiscal year 2004-05 for the State Election Commission (SEC) was in part to conduct training of county voter registration boards and election commissions to prepare for the 2004 general election, for implementation of the Help America Vote Act which includes voter education and outreach and training on the new voting system. Training for municipal election commissions and poll managers was also conducted.

SEC staff attended conferences and training classes for implementation of HAVA, to train on the use of iVotronics and creation of databases and ballots for the new voting system, and to maintain awareness of national election related issues.

#### EMPLOYMENT SECURITY COMMISSION

The South Carolina Employment Security Commission continues to make every effort to minimize in and out-of-state travel. However, there are numerous federal grants that our agency has secured that demand a certain amount of out-of-state travel as part of carrying out the responsibilities of the grant. There is also the need for our hearing officers and program coordinators to travel to effectively carry out their job duties.

Additionally, there is mandatory attendance at various federally sponsored training sessions dealing with all new legislation affecting employment security agencies. Also, this agency is committed to developing its staff to be as knowledgeable as possible in their areas of responsibility, which sometimes involves travel to workshops and seminars. Again, we keep this to a minimum and all of these expenditures are funded by federal grants to the South Carolina Employment Security Commission.

#### ETHICS COMMISSION

The travel incurred by the State Ethics Commission during fiscal year 2005 was for staff training, ethics training for elected officials, public members and public employees and for conducting investigations.

No out-of-state travel was incurred.

## **FINANCIAL INSTITUTIONS, BOARD OF**

The State Board of Financial Institutions examined financial institutions and participated in educational training at the FDIC Examiners School, technical training, and high-level management meetings relating to the regulations of financial institutions.

## **FORESTRY COMMISSION**

Employees of the South Carolina Forestry Commission traveling in and out-of-state are representing the agency at forestry-related workshops, seminars, and training programs. While enhancing knowledge of forestry programs, employees gather useful data for consideration in South Carolina's forestry community. Other states' programs, objectives, and educational materials are studied. Travel also includes meeting with potential forest products industries who may be interested in South Carolina as a possible location for future plants.

Keeping abreast of other states' plans, continuing education in the forestry field, and representation of forestry in South Carolina at forest industry trade shows are the primary reasons for out-of-state travel in the agency. Attendance is also required at Forest Cooperatives and various forestry organizations in which the agency holds membership. Travel to meetings is by automobile, official and/or private, and by plane.

## **FRANCIS MARION UNIVERSITY**

### **Purpose:**

Francis Marion University supports out-of-state travel for faculty and staff for the purposes of student recruitment, faculty and staff development, and participation in various academic, athletic, artistic, and professional forums that bring recognition to the University and the University community.

The University has a faculty of outstanding quality and diversity and supports faculty development through scholarship and research, continuing professional study, and participation in a wide range of academic endeavors. The University is also committed to providing continuing education to staff through attendance at workshops, conferences, and other developmental opportunities.

## **GOVERNOR'S OFFICE** **EXECUTIVE CONTROL OF STATE**

The Governor's Office of Executive Control of the State (ECOS) is responsible for administering executive functions to South Carolinians, while ensuring that policy is created that will benefit citizens statewide. The Office of the Governor includes staff members who assist the Governor with administrative support, communicating with the public, and representing the Governor's policy recommendations to the Legislature to ensure an efficient state government that works toward exceptional education, economic vitality, and a healthy environment. These travel expenditures reflect the administrations commitment to enhancing the quality of life for all South Carolinians.

## **GOVERNOR'S OFFICE** **EXECUTIVE POLICY & PROGRAMS**

The Governor's Office of Executive Policies and Programs (OEPP) incurs travel expenses for technical training programs, conferences, and presentations. For example, federal agencies regularly sponsor technical training conferences that distribute information relating to federal grants. Employees of OEPP also attend regional and national conferences. By attending these conferences, our employees are able to interact with peer groups. This interaction allows our staff to apply the knowledge they have gained to the operation of the program. In addition, occasionally an employee will be requested to serve as a presenter on a specific panel or committee that is related to that employees field. Due to the fact that many of these are federal programs, employees are mandated to attend and monitor the oversight of how they are conducted.

**GOVERNOR'S OFFICE**  
**STATE LAW ENFORCEMENT DIVISION (SLED)**

In response to Proviso 72.36, the South Carolina Law Enforcement Division has expenditures for travel for the following reasons: law enforcement, law enforcement and data processing training, extraditions, and to provide security for the Governor.

**HEALTH AND ENVIRONMENTAL CONTROL, DEPT. OF**

The SC Department of Health and Environmental Control (DHEC) employees travel in the performance of their job duties for the following reasons:

Inspection, regulatory and oversight employees travel routinely to meet with various local, state, federal, public, and industrial officials and to attend meetings of various regional and national organizations relating to specific program areas. Through communication, cooperation and the exchange of information, these meetings provide a forum to improve the consistency and effectiveness of South Carolina's regulatory programs, and similar programs in the region and nationally. Participation is necessary to assure that South Carolina's environmental quality and health care interests and concerns are properly presented and taken into consideration.

Health care employees travel to meet the health care needs of clients and patients involving many aspects of programs including Home Health, Epidemiology, Bio-Terrorism, HIV/AIDS, Tuberculosis, Immunization, Environmental Sanitation, and others. Travel is also conducted to receive updated training and program development through organizations such as Centers for Disease Control (CDC), Health Resources and Services Administration (HRSA), Department of Homeland Security, and others.

**HEALTH AND HUMAN SERVICES, DEPT. OF**

In-state travel expenses were incurred to provide direct client services as part of other job requirements and training. Registered nurses are required to travel to conduct client, hospital, and nursing home visits and perform assessments for home and community based services. Regional eligibility administrators are required to travel to multiple counties in their region to meet with staff and oversee administrative and program activities, as well as attend monthly staff meetings in Columbia. Program staff also traveled when performing on-site compliance reviews and quality assurance reviews with providers. Travel expenses were also incurred to provide statewide IT technical support. Additionally, employees traveled to complete training and certification requirements as well as evaluate the numerous training programs located throughout the state.

**FY 04-05 Out-of-State Travel**

Out-of-state travel expenses were incurred to attend regional and national meetings and workshops. Federal grants required representation at meetings to strengthen state level initiatives relative to health care services and issues. Program coordinators also attended out-of-state conferences and summits to obtain job training to keep up with new federal legislation and policy changes.

**HIGHER EDUCATION TUITION GRANTS COMMISSION**

The South Carolina Higher Education Tuition Grants Commission incurred travel expenses that included travel for training of staff members, for providing training to constituents, for various types of meetings, for attendance and presentations at professional conferences, for public presentations for potential customers, for Commission members to attend three annual meetings, for computer work to be performed on agency IT equipment, and for general agency business. Only one out-of-state travel expense was incurred by the agency for the full year.

The agency paid for travel expenses for four employees who traveled on behalf of the agency, one computer consultant, and seven Commission members.

### HIGHER EDUCATION, COMMISSION ON

Of the total \$78,444 expended for travel purposes by the Commission's staff for the fiscal year ending June 30, 2005, we find that 25 percent of the costs were associated with our state-wide military veterans education & training program; 21 percent of expenses involved our programs to make middle school students aware of higher education opportunities; and 19 percent of our activities involved college/university academic program quality review and non-public proprietary institution licensure.

The balance of our expenses, or 35 percent, is comprised of the Executive Director's travel (9 percent), statewide briefings for Education Lottery scholarship programs (8 percent), training for accounting and information technology staff (8 percent), general purpose travel for meetings, conferences, and other business activities (10 percent).

### HOUSING AND DEVELOPMENT AUTHORITY, STATE

The mission of the South Carolina State Housing Finance and Development Authority is to create affordable housing opportunities for the citizens of South Carolina. In accomplishing this mission, Authority employees travel a great deal within the State to ensure compliance with federal, state and Authority laws, regulations and policies for the programs that we administer. Authority employees inspect rental units to verify that quality standards are met, they verify that income and rent restrictions are being complied with, that project construction meets standards, that work is being completed timely, and that fair housing and other requirements are being met. The Authority also provides training throughout the state to various groups that access the Authorities programs so that they understand the requirements.

Out-of-state travel is for attendance at training sessions and conferences specifically related to the programs that the Authority administers. Some employees also attend annual user conferences for the software that is used by the Authority.

### HUMAN AFFAIRS COMMISSION

Travel expenses incurred by the Human Affairs Commission allowed the listed employees to attend training seminars, workshops, conferences, onsite investigations and forums. Specifically, the conferences were the Fair Housing Quad Regional Training and the Fair Housing Tri-State Conference, The Greater Columbia Community Forum, The Hispanic Outreach Initiative, and EEOC/FEPA Training. The employees gained professional training that mirrors the goals and objectives of the agency and assisted the agency in meeting mandates set forth within the funding of federal contracts and state appropriated funds.

### INDIGENT DEFENSE, COMMISSION ON

All travel is for attending agency related conferences and meetings.

### INSURANCE DEPARTMENT

Out of state travel expenses of the S.C. Department of Insurance consist primarily of the examination of insurance companies with home offices in other states, participation in National Association of Insurance Commissioner's meetings, committees, and educational programs, participation in industry group meetings, and attendance at other training sessions not available within the state. Most of the out of state examinations are on South Carolina domiciled companies.

## JOBS-ECONOMIC DEVELOPMENT AUTHORITY

The out-of-state travel for South Carolina Jobs-Economic Development Authority for fiscal year 2004-2005 was incurred by the Chief Executive Officer of this agency. The trips were made to banking and financing conferences in accordance with JEDA's mission statement,

### JOHN DE LA HOWE SHCOOL

John de la Howe School is a residential childcare agency. Employees in our residential and treatment services department are required to attend annual training events pertaining to the childcare field. Some of these were out of state. The person in charge of our Alumni Development and Public Relations Department serves on the SCAVA

Board and is required to attend conferences and training in and out of state. The principal at our school and teachers attended several staff development workshops funded through an EIA professional development grant.

## JUDICIAL DEPARTMENT

### IN-STATE TRAVEL:

Travel expenditures were necessary in order to facilitate adequate and constitutionally mandated judicial rotation involved in holding court.

### OUT-OF-STATE TRAVEL:

The Chief Justice, designated Associate Justices, and Judges attended national conferences and seminars as allowed in the FY2005 Appropriation Act. Other Judicial Department employees attended seminars related to their job responsibilities.

## JUVENILE JUSTICE, DEPT. OF

The Department of Juvenile Justice scrutinizes all travel requests. We have maintained more restrictions on our employees than the Comptroller General's office. It is our desire to utilize our resources efficiently and effectively. Under that premise, the majority of our travel has been with federal grants. The Juvenile Employment and Enrichment Program (JEEP) grant under the Workforce Investment Act (WIA) initiated programs in Marlboro, Jasper, Orangeburg and Allendale counties. Staff traveled to these sites for implementation and monitoring. Under the Reentry Initiative grant, administrators traveled out of state to learn about other sites and to receive technical assistance at workshops in support of program objectives for this state.

The Juvenile Parole Board Members meet to conduct monthly hearings. Members from across the state are entitled to compensation for their travel. In another effort to maximize resources, we have a contract psychiatrist performing court ordered evaluations at our evaluation centers throughout the state for which we reimburse travel expenses. Training and recertification of our social workers, teachers, and staff is an ongoing goal, where benefits derived by the agency's clients outweigh the costs. We are committed to the continual analysis of cost effectiveness for all our travel expenses.

**LABOR, LICENSING AND REGULATION, DEPT. OF**

Summary of types of travel incurred by the agency:

1. Travel to conduct the following types of inspections:
  - OSHA
  - OSHA Voluntary
  - Palmetto Star Sites
  - Elevators
  - Amusement Rides
  - POL (Professional and Occupational Licensing) Schools
  - POL licensed businesses
2. Travel to local fire departments statewide to train firefighters.
3. Travel to meetings of the National Associations of State Boards, other association groups and the federal government.
4. Travel for employee training.

**LANDER UNIVERSITY**

Lander University's out-of-state travel consists of expenditures associated with:

Faculty development and presentation of papers

Faculty participation with the institution's student study abroad program and honors program

Student/Athletic recruiting

University representation at required meetings for the Southern Association of Colleges and Schools (SACS), the National Association of Colleges and Universities Business Officers (NACUBO), the Southern Association of Colleges and Universities Business Officers (SACUBO), and the American Society of Colleges and Universities (ASCU)

These trips are vital to the educational accreditation and financial health of the university

**LEGISLATIVE DEPARTMENT**  
**CODIFICATION OF LAWS & LEGISLATIVE COUNCIL**

Fiscal Year 05 travel for employees of the SC Legislative Council, which was all in state, was due to conferences/seminars, educational training opportunities, or meetings concerning legislative and legal issues that pertain to their jobs. These conferences were hosted by the Municipal Association of South Carolina, the SC Association of Counties, and other similar entities.

**LEGISLATIVE DEPARTMENT**  
**HOUSE OF REPRESENTATIVES**

All in-state travel consists of mileage and subsistence paid to these members in the function of their regular duties as members of the South Carolina House of Representatives and in performance of their regular official duties and in performance of special duties assigned to them pursuant to committee meetings, administrative tasks, etc. Statutory and Constitutional provisions require payment of mileage and subsistence to members in these circumstances.

All out-of-state travel consists of registration fees for conferences, workshops, task force meetings, etc. that members attended in their official capacities. At these events they heard from and were guided by the knowledge of experts and the experiences from colleagues in other states. These events also allow South Carolina House members to develop networks of contacts across the country so that they may continue to effectively and efficiently cooperate with other states and learn from their experiences after the events have concluded. Furthermore, costs associated with certain House members' service on the Public Utilities Review Committee are reimbursed by the Public Service Commission pursuant to statutory law.

**LEGISLATIVE DEPARTMENT**  
**LEGISLATIVE AUDIT COUNCIL**

In order to conduct audits and to fulfill the GAGAS training standards, expenditures for travel were incurred. With the exception of the Legislative Audit Council's ExOfficio members which incurred travel to attend Council Meetings.

**LEGISLATIVE DEPARTMENT**  
**LEGISLATIVE PRINTING & INFORMATION TECHNICAL SYSTEMS**

LPITS supports a very large network for the General Assembly and the staff as well as the SC Web Page. All the travel that was done by employees of LPITS was to various seminars and training classes to stay abreast of the changes in software and technology. LPITS' travel was for seminars and/or training on advance functions of our computer infrastructure operations, including both hardware and software classes. Also, LPITS employees attended software-training classes for the different software that is supported by our agency.

**LEGISLATIVE DEPARTMENT**  
**THE SENATE**

The South Carolina Senate travel for FY2005 is mainly for elected Senators traveling to and from their home districts for legislative session days. They are paid a daily subsistence rate and one round-trip mileage payment for every week they are in attendance. Other travel reported for Senators is for non-session committee travel associated with Senate or State business. This travel may include mileage payments, subsistence payments and per diem payments for the dates claimed. The only out-of-state travel reported in this fiscal year was for two meetings regarding the Public Service Commission with authorities in other states.

**LIBRARY, STATE**

Travel expenses incurred by State Library were for the purposes of staff education and training, as well as for providing training to other library organizations. Our Agency provides guidance and support to all of the public libraries in S.C. Our Director attended a national conference for library associations, using trust funds; however, the majority of our travel expenses were training related.

**LIEUTENANT GOVERNOR'S OFFICE**

Employee travel for the Lieutenant Governor's Office is for the purpose of training, monitoring, and technical assistance to promote the quality and length of healthy life for this state's aging population. On-site sub-grantee technical assistance assists with changes in federal or state guidelines. Federal grants require attendance at national training events and conducting statewide trainings for sub-grantees. Monitoring of the sub-grantee, both fiscal and programmatic, requires on site review and analysis.

**MEDICAL UNIVERSITY OF SOUTH CAROLINA (MUSC)**

The Medical University of South Carolina employees travel to represent the University at many different functions. Employees travel to attend seminars, meetings, conferences and symposiums.

### MENTAL HEALTH, DEPT. OF

The South Carolina Department of Mental Health's travel expenses were incurred in support of the Department's mission, including travel to attend professional training seminars relating to Mental Health or Governmental topics, meet with Federal officials regarding Mental Health programs and Federal Grants, clinical staff making on-site visits and escorting clients to in-state and out-of-state placements.

### MINORITY AFFAIRS, COMMISSION FOR

The staff of the South Carolina Commission for Minority Affairs incurs travel as necessary to fulfill their job functions. Charged with the task of working on behalf of all minorities of the State of South Carolina, the staff travels across the State. Additionally, the staff travels as necessary to attend conferences, workshops, and/or training sessions as a part of its professional development initiative.

### MOTOR VEHICLES, DEPT. OF

This memo is being written in accordance with Proviso 72.36 of the FY 2006 Appropriations Act to briefly describe the type of travel incurred by the Department of Motor Vehicles. In carrying out its mission, the Department has developed numerous projects with other entities such as the insurance and banking industries, automobile dealerships and county and state government agencies. The Department's executive management spends much time working with executives from these entities establishing the projects' policies and procedures and communicating the benefits to the citizens of the state. Also many of these projects include extensive technological interfaces established and maintained by the Department. As a result, employees must travel to multiple locations around the state interacting with these entities, training employees and maintaining the hardware and software needed to accomplish these interfaces.

In addition to the projects described above, the Department is responsible for administering, monitoring and/or auditing various programs such as International Fuel Tax Agreement, International Registration Plan, third-party testers programs, driver training schools, etc. As a result, employees are required to travel to many locations throughout the state on a routine basis to carry out duties of these programs as outlined in federal and state laws and regulations.

### MUSEUM COMMISSION

In response to your letter, dated August 10, 2005, regarding a brief summary of the type of travel completed by employees of the SC Museum Commission, please see below:

Through innovative partnerships, comprehensive collections, and stimulating exhibits and programs, the South Carolina State Museum provides educational environments that entertain, inspire imagination and creativity, and enrich the lives of visitors. The Museum's travel expenditures for FY05 totaled \$13,311.26, which represents 0.22% of our total budget—less than half a percentage point. Our Retail Department and Public Information Department accounted for 43% of the expenditures. These individuals traveled in state and out-of-state to keep abreast of market conditions and demands. Our Collections Department, Exhibits Department, and Education Department accounted for 39% of the expenditures, which supported our action plan for the ongoing development of new exhibits, the development and presentation of educational material, the collecting of artifacts, the presentation of public programs, the development of outside funding sources, and the development of cooperative partnerships. The remaining travel expenditures provided training and information regarding current practices, new directives, and on-going issues for the Museum's administrative staff, in areas such as IT, HR, and Accounting. This includes our Executive Director's travel expenditures totaling \$973.

**NATURAL RESOURCES, DEPT. OF**

The mission of the South Carolina Department of Natural Resources is to serve as the principal advocate for and steward of South Carolina's natural resources.

Travel of the agency typically falls into one or more of the following categories: travel to obtain funding; travel in support of on-going programs; and travel to support staff training.

**PARKS, RECREATION AND TOURISM, DEPT. OF**

The Department has many program areas that involve domestic and international travel. The Tourism Sales and Marketing program is charged with attracting visitors to South Carolina as a travel destination. This requires employees to travel domestically and internationally to various trade shows, media events and to represent the state in many travel/tourism organizations. This program also manages nine Welcome Centers on the borders of South Carolina. Our Community and Business Development Program works throughout the state to attract tourism based businesses to the state and manages the Heritage Corridor program which stretches from the upstate to the coast of South Carolina.

The State Park Service Central Operations area is required to travel throughout the state parks to review operations, personnel issues and attend community organization meetings. The State Park Service employs a Construction and Maintenance staff that travels the state performing new construction, renovations and repairs throughout the state park system.

**PATIENT'S COMPENSATION FUND**

Travel expenditures of the PCF consist of mileage reimbursement of the members of the PCF Board of Governors. Also included in this is mileage, meal, lodging and miscellaneous travel expenses of the PCF staff members. Total expenditures for fiscal year 05 were \$2,409.15.

**PATRIOTS POINT DEVELOPMENT AUTHORITY**

Patriots Point Development Authority's travel expenses fall into three main categories. The first category consists of expenditures related to travel to and from meetings hosted by professional organizations specifically related to Naval and Maritime museums such as the Historic Naval Ships Association. The second category is related to public relations and marketing. The Museum is a major tourist attraction in the Charleston area; staff attends statewide, regional and national travel related shows to promote the Museum as one of the premier attractions in the area. The third category relates to our gift shop. Gift shop employees attend statewide and regional trade shows meeting with vendors to purchase items for resale that are related to the mission of the agency.

**PORTS AUTHORITY**

Our total travel related expenditures for fiscal Year 2004-05 are as follows:

Travel	\$226,023.76
Air Transportation	103,920.22
Training and Seminars	<u>93,060.38</u>
Total	<u>\$423,004.36</u>

**Travel** – Overnight hotel accommodations, meals, mileage, automobile rental, taxi fares and parking. (Gasoline expenditures are not captured in this account, but in a separate account which also includes fuel costs for all the Port Authority's trucks and equipment).

**Air Transportation** – Airfare ticket costs

**Training and Seminars** – Continuing educations programs, conference registrations and seminar attendance fees

<sup>(1)</sup> The Authority has been asked to participate in the statewide Travel Report for fiscal year 2004-2005. We do not use the State's STARS accounting system. Our accounting system captures our travel expenditures in the accounts listed above. We do not track our travel expenditures by location or type of traveler, e.g., In-State Travel, Out-of-State Travel or Non-State Employee Travel. To provide the expenditures in the aforementioned categories would require us to retrieve from our files approximately 800 travel expense reports processed during FY 2004-05. We would then have to manually review and document the expenditures by location and type of traveler. This effort would require a substantial number of staff-hours and related costs. All of our travel related expenditures listed above are budgeted and paid entirely from funds generated by the Authority's general operations.

Our special purpose appropriation of \$2,400,000 received during fiscal year 2004-05 was designated for and used exclusively to meet federal matching requirements for the 45 Foot Harbor deepening construction project (9501). None of those funds were budgeted or used for any type of travel related expenditures.

### PROBATION, PAROLE AND PARDON SERVICES

Out-of-State travel for the Department falls into three categories. The first of these is specialized Agent safety training in use of semi-automatic firearms, fugitive investigation and arrest mechanics activities. The Department benefits by having the expertise to maintain appropriate training in the interest of Agent safety. The second category is specialized computer programming training for the support of the Department's Offender Information System. The third category is participation in professional organizations and national committees of criminal justice organizations in a program-planning role. The Department benefits from such participation by having the opportunity to meet other professionals in the criminal justice field; to share South Carolina's methodology for parole processing and decision-making; and, to observe and learn methods for improving the Department's parole related activities.

### PROSECUTION COORDINATION, COMMISSION

Please accept this memorandum as the Travel Report requested in your letter of August 10, 2005 for the SC Commission on Prosecution Coordination. In-state travel during fiscal year 2004/2005 consisted of meetings with the sixteen Judicial Circuit Solicitors, the prosecution of criminal cases throughout the state as well as educational training and professional development programs. Out-of-state travel during fiscal year 2004/2005 was limited to bi-annual meetings of the National Association of Prosecutor Coordinators, the Board of Directors of the American Prosecutors Research Institute, the Annual Summer Conference of the National District Attorneys Association as well as educational training and professional development programs. These types of travel expenses are representative of both past and future expenditures.

### PUBLIC SAFETY, DEPT. OF

The employees listed are either law enforcement personnel with the Highway Patrol, State Transport Police, or personnel with federal grant responsibilities, and the Agency's Director. The law enforcement personnel traveled to such events as commercial vehicle training and administration events, K-9 training, police schools, and provide direct security for the Governor. The federal grant personnel organized and administered federal training courses on various justice programs and highway safety events. The Director represented the state at several law enforcement events.

The majority of the additional funds the Agency spent went towards providing highway traffic control and law enforcement protection for such things and the Myrtle Beach bikers events and the hurricane evacuation from the coastal areas. The cost for the hurricane event was approximately \$10,000, while the bikers' events were over \$50,000.

### PUBLIC SERVICE COMMISSION

The Public Service Commission of South Carolina is a quasi-judicial body charged with adjudicating cases involving the state's investor owned utilities and certain transportation companies. Commissioners and its staff have the responsibility of ensuring the citizens of South Carolina are charged reasonable rates and receive adequate service from the companies under its jurisdiction.

The Public Service Commission was restructured by the General Assembly in 2004. The agency's regulatory and enforcement functions, as well as its staff advocacy roles were devolved to the newly created Office of Regulatory Staff on January 1, 2005. Therefore, this report includes travel expenses incurred by employees in positions that are no longer part of the Public Service Commission.

Balancing the interest of customers and regulated companies requires Commissioners and staff who are highly skilled, technically competent, knowledgeable, well trained, and flexible within this dynamic regulatory environment. Out-of-state travel expenses were incurred by Commissioners and staff members to remain abreast of the myriad changes within the regulated utility industry.

The Commissioners and its staff represent the state in out of state workshops, seminars, and meetings with national and regional organizations such as the National Association of Regulatory Utility Commissioners (NARUC), Southeastern Association of Regulatory Commissioners (SEARUC), American Gas Association (AGA), North American Electric Reliability Council (NERC), and Federal Energy Regulatory Commission (FERC).

As noted above, the 2004 – 2005 travel report includes expenses of Public Service Commission (PSC) employees before Act 175 of 2004, which on January 1, 2005 restructured the PSC as a quasi-judicial body. Eight of the top 25 employees on the travel expense report either work for the Office of Regulatory Staff or have retired. These employees were mostly auditors, engineers, legal and advisory staff members of the PSC who traveled to conduct audits and analysis to be used in reports and testimony for rate cases, fuel cases, complaint cases, and purchased gas adjustment cases.

Also, through a budget proviso, Commissioners receive a portion of their compensation through *per diem* payments (members of the Workers Compensation Commission, and the Employment Security Commission receive similar payments). These payments are meant to compensate Commissioners for the cost of travel and related expenses when they must travel to the Commission headquarters in Columbia (the law requires that the Commissioners reside in their respective Congressional districts; so for at least four Commissioners, moving to Columbia is not an option). The per diem payments are treated as travel payments by the Comptroller General's office.

Approximately 80% of the expenses incurred for in-state travel were comprised of (1) Commissioners' subsistence allowance provided by the State while traveling within the State and (2) Commissioners' mileage reimbursement for use of a private vehicle while traveling on official business of the State within the State.

Finally, the PSC has revised its travel planning and procedures in order to minimize travel expenses where possible. When possible, we are seeking out stipends and scholarships for educational programs. The PSC is also trying to plan its travel in advance in order to obtain the best ticket and lodging prices.

#### REGULATORY STAFF, OFFICE OF

The Office of Regulatory Staff (ORS) was established in fiscal year 2005. The agency hired 63 staff members. These staff members are unclassified and as such do not have standard State job titles.

As a new state agency responsible for regulatory activity within the state, training was needed to ensure compliance with Federal guidelines and with regulatory law, theory and policy. Most of the out of state travel expense this past year was to allow some of the new staff members to go to Michigan State University's Institute of Public Utilities Regulatory Policy Conference and Camp NARUC. The Regulatory Policy Conference is a forum for discussions and presentations regarding regulatory directions and issues. Camp NARUC (National Association of Regulated Utility Commissioners) consists of intensive instruction in regulatory theory, policy, processes, and trends.

In addition, the ORS has railway, transportation and pipeline inspectors. Some of the out of state travel expenses were for employees to attend conferences to maintain their knowledge and to keep up to date with changes in regulation. Examples of conferences that were attended this past year are the Federal Railway Act Region 3 Conference, the Plastic Pipe National Association of Pipeline Safety Representatives, the Southern Gas Association Spring Conference, and the Integrity Management for Pipelines Conference. In state travel expenses were incurred traveling throughout South Carolina inspecting transportation carriers (movers, cabs, buses, etc.).

## REVENUE, DEPT. OF

During FY05, 69% of the total travel expenditures incurred by Department of Revenue (DOR) employees were for In-state travel while 31% of the total travel expenditures were for Out-of-state travel. The majority of the In-state travel expenses (approximately 72%) were for auto mileage incurred as a result of travel related to the increased enforcement and collection activity per Proviso 73.9 of the 2005 Appropriations Act, the investigation and audit of taxpayers and the collection of tax revenues.

Approximately 41% of the total DOR Out-of-state travel expenditures For FY05 were incurred by Foreign Tax Auditors who travel throughout the United States performing field examinations and investigations of Multistate corporations, large manufacturers, contractors and electric and nuclear power generating companies. Many of these audits are on Fortune 500 companies and subsidiaries that conduct business in South Carolina. Most all of these audits require trips to corporate headquarters to visit tax departments and/or CPA's. Foreign audit travel during FY05 resulted in a total of 568 audits and \$33.3 million in collections. Foreign Audit travel accounted for 71% of the out-of-state travel expenses incurred by the top 25 DOR travelers.

Other out-of-state travel expenditures were incurred by auditors who insure compliance related to the Master Tobacco Settlement, and by the agency Director, Deputy Director, Administrators and Managers to attend national and regional tax conferences, meetings on joint Federal/State and Multistate tax programs with various tax organizations (IE Internal Revenue Service and Federation of Tax Administrators) and to attend technology updates and training.

## SEA GRANT CONSORTIUM

The S. C. Sea Grant Consortium, created in 1978 by the S.C. General Assembly is charged with managing and administering the Sea Grant Program and related activities to support, improve and share research, education, training, and extension services in fields related to ocean and coastal resources. The Consortium's unique legislative mandate is to maximize the economic, social, and environmental potential of the coastal and marine resources of the state and region, and the agency does so by serving as a broker of information and funding.

The Consortium develops and supports a balanced and integrated research, education, and extension program for South Carolina, which seeks to provide for future economic opportunities, improve the social well being of its citizens, and ensure the wise use and development of its marine and coastal natural resources. It also administers an effective and efficient communications and extension network among academia, business, government, and the general public to ensure that Consortium activities are responsive to marine and coastal users and that information generated is delivered in a useful and timely fashion. Consortium institutions provide the expertise of their respective faculty and professional staffs, as well as a wide range of facilities and equipment, necessary to carry out the diversity of programs supported by the Consortium.

The Consortium organizes its research, education, extension and management activities into nine strategic program areas. All agency employees and their job functions are tied to these goal areas so that it is truly a team effort guided by one vision and mission for each individual's effort. The Agency Head is responsible for developing program initiatives and securing non-state funding to support them, and serves on a number of professional organizations and associations in pursuit of Consortium program growth. These tasks require travel both within the state, in Washington, DC and elsewhere in the country. Agency employees attend and, in many cases, organize national, regional, state and local conferences, meetings and workshops to pursue their program responsibilities and acquire and disseminate the results of Consortium-sponsored research and education efforts. They also attend scientific, extension, communications and administrative meetings and workshops to pursue professional development opportunities in science research, outreach and administration.

## SECOND INJURY FUND

The majority of travel expenditures were for two staff attorneys' to attend Workers' Compensation legal proceedings throughout the state and staff member's registration and attendance at educational conferences and seminars in and out of state. The remaining expenditures were for mileage reimbursements to staff members performing daily courier duties to the capitol complex.

### SECRETARY OF STATE'S OFFICE

Out-of-state travel for the Secretary of State would include any meetings, conferences or events as required as an elected official to represent the State of S.C. The Deputy Secretary of State/Attorney would be allowed travel to represent the Secretary or the Agency at any such meetings, conferences or events as requested by the Secretary.

Under the Charities Division of the Secretary of State's office, individuals may travel to investigate or carry out any matter related to the charities law, which this agency regulates. Individuals may also travel to investigate any matter relating to the trademark or service mark law.

Other staff, as approved by the Secretary or Deputy, would be allowed out-of-town state travel to represent the agency. Approved travel would be allowed staff at conferences or meetings when such would benefit the agency as a learning or training experience.

### SOCIAL SERVICES, DEPT. OF

The Department's in-state travel expenditures were comprised primarily of private auto usage totaling \$602,110, lodging of \$172,216 and registration fees of \$96,076. The majority of the auto usage and lodging were associated with foster care and child protective services. Approximately \$36,000 of the registration fees was attributable to technical training for the rollout of Microsoft Windows XP. Total out-of-state expenditures for SFY2005 were \$74,520, comprised mainly of the following: lodging -\$22,308; air transportation - \$32,071; and registration fees - \$7,452. Included in these figures is \$7,930 for employees accompanying foster children to other states, and are more client related services. Child Support related conference expenditures totaled approximately \$12,700; Food Nutrition Grants conference expenditures totaled approximately \$21,300; and Foster Care Grants related conference expenditures totaled approximately \$8,400.

### SOUTH CAROLINA STATE UNIVERSITY

The majority of out-of-state travel as it relates to South Carolina State University is for conferences, workshops and seminars. These relate to faculty and staff across the campus and are necessary for the development and knowledge of the attendees to ensure that the programs at the University are operating with the most current regulations and best practices.

### TECHNICAL AND COMPREHENSIVE EDUCATION, BOARD OF

Most of the travel for the State Board for Technical and Comprehensive Education was incurred by employees of the Center for Accelerated Technology Training (CATT), which focuses on the training needs of new and existing business and industry in South Carolina. CATT provides recruiting, assessment, training development, management and implementation services to customers who are creating new jobs with competitive wages and benefits. Some of the out-of-state travel of the CATT employees was incurred for professional development.

The balance of out-of-state travel was incurred by the Executive Director, his Executive Council and senior managers who attended or served as speakers at annual conferences and meetings of national and regional organizations, such as Southern Association of Colleges and Schools (SACS), Southern Association of College and University Business Officers (SACUBO), and College Business Management Institute (CBMI). Participants became better informed of issues that affect higher education, which will ultimately result in improved principles and more efficient practices in the business and financial management of the technical colleges.

### THE CITADEL

Citadel employee out of state travel occurs primarily for academic purposes. College professors make up 17 of the college's top 25 travelers. One of the faculty recruiting and retention keys at The Citadel is an annual grant that the college's fundraising entity, The Citadel Foundation, provides to promote academic enhancement at the college. The foundation specifically grants funds for presentations at academic meetings, travel for research that will result in

publications or presentations at academic meetings, and travel for faculty development so that junior faculty can attend academic meetings and further enhance their base of knowledge so that they will be better prepared to conduct research and make presentations. The academic departments have very little appropriated funds for travel; almost all of the travel expenses for these 17 top travelers were paid with grant funds.

Aside from 17 academic travelers, the college's Information Technology Department had 3 of its employees in the top 25 travelers. These individuals attended various conferences to keep current with their profession. The remaining 5 top travelers for the college include the president, who is the college's chief fund raiser and representative to outside entities and who was not even in the top 10 travelers, two athletic coaches who incurred costs recruiting, the college's Director of Multicultural and International Studies program who attends many conferences on diversity, and the college's legislative liaison who spend times coordinating the college's activities with the South Carolina legislature. The funds source for these employees' travel is primarily student fees.

#### TRANSPORTATION, DEPT. OF

Travel for SCDOT employees is monitored very closely. We have employees who are members of national committees and boards and attend annual meetings, participate in development of highway policies, and work with other state departments' of transportation to develop best practices for our industry. We also have employees who, in the course of normal business, inspect asphalt, concrete, steel, and other material manufacturers to ensure the materials used in the construction of roads and bridges meet federal and state standards. Employee development is paramount to SCDOT. Included in the travel expenditures are cost for attendance at training seminars, classes and institutions.

A Legislative Audit Council review of state travel issued May 2005, made several cost saving recommendations. One of these recommendations dealt with eliminating one-day meal reimbursement. SCDOT had already implemented this policy and, as stated in the LAC review, reduced cost for one-day meal reimbursements by 98%.

#### TRANSPORTATION INFRASTRUCTURE BANK

Of the ten employees listed on the travel report, four were reimbursed for attending out-of-town SCTIB Board meetings. Those include Senator Hugh Leatherman and Representative Ronald Townsend who are members of the SCTIB Board and Debra Rountree and Patricia Grice who provide operational and administrative services to the Board. In addition, Debra Rountree's travel expenses including attendance at the Government Finance Officers Association of South Carolina fall conference in Myrtle Beach and other GFOASC training in order to maintain CGFO certification.

The other six employees listed are employees of the South Carolina Department of Transportation who were reimbursed by the SCTIB for travel related to oversight of SCTIB funded projects.

#### TREASURER'S OFFICE, STATE

The State Treasurer's Office participated in high level management seminars and educational training events on investments and pension administration, banking services, and other governmental fiscal and financial matters. The State Treasurer's Office also participated in advanced information technology training.

#### UNIVERSITY OF SOUTH CAROLINA

The University of South Carolina expends funds for out of state travel for the purpose of academic enrichment, research, student programs and recruitment, donor development, and professional development.

## VOCATIONAL REHABILITATION, DEPT. OF

The mission of SCVRD is to enable eligible South Carolinians with disabilities to prepare for, achieve and maintain competitive employment.

The main expense for travel involves: 1. Helping clients to resolve their problems and pursue employment and maintain employment; clients receive extensive counseling and guidance, supported employment and services and job coaching; staffs have to meet the clients in their home or at the prospective job site. 2. Networking with the business community to secure working contracts for the twenty-three training centers for our clients. This is a vital step in the job-readiness program to prepare our clients for employment. 3. Staff management and training; supervisors have to travel to the 23 training centers as consultants to the various areas of clients services. Training is necessary for staffs to provide better client services.

## WIL LOU GRAY OPPORTUNITY SCHOOL

The majority of the travel transactions are for training classes. As an educational facility, the Opportunity School places a great deal of importance on the education of staff. The educational opportunities provide our staff with new, innovative ideas. With the budget cuts experienced since 2001-2002, the School has become very conservative about traveling and as a result, has decreased the amount of travel by 75%. The only other travel listed on the travel spreadsheet is mileage around town when a School vehicle is not available.

## WINTHROP UNIVERSITY

Pursuant to your letter dated March 3, 2005, attached is Winthrop University's travel report for the fiscal year ending June 30, 2005. Winthrop University's travel expenditures include faculty/staff professional development, admission's efforts in recruiting students and athletic department travel related to recruiting student-athletes. Many faculty/staff also participate in professional organizations (examples are American Association of Schools, Colleges and Universities, Rock Hill Economic Development Corporation, American Council on Education, American Dietetic Association) requiring their attendance to make presentations at regional and national conferences.

In addition, Winthrop is fiscal agent for various state grants, such as the Center for Educator Recruitment, Retention and Advancement (CERRA) that, by nature of the grant, require employee travel. For instance, because extensive training is conducted in school districts throughout South Carolina, much of CERRA's travel is to or near training sites – much more cost effective for trainers to travel there and set up than for 30 – 40 participants to need to travel to another site. Travel to statewide meetings, usually held in Columbia, are also a regular part CERRA's travel costs.

## WORKERS' COMPENSATION COMMISSION

In-State travel expenditures fall into two general categories: (1) all Commissioners conducted workers compensation hearings in different counties within the state; and (2) various educational programs and seminars that pertain to an individual's position, such as the South Carolina Workers' Compensation Educational Association Annual Meeting.

Out-of-State expenditures fall into three general categories: (1) attendance at various International Association of Industrial Accident Boards of Commissions (IAIABC) conventions, (2) attendance at the Workers' Compensation Medical Seminar, and (3) specific educational programs and seminars that pertains to an individual's position.

### AIKEN TECHNICAL COLLEGE

Aiken Technical College continues to grow and develop new programs to meet the emerging employment needs of the community. To accomplish this goal faculty and staff must engage in professional development, vendor specific technical training and attend regional conferences. Total travel costs were \$103,606 for fiscal year 2005 of which thirty four percent (\$36,058) was for out-of-state travel. Twenty eight percent of the out-of-state travel (\$10,255) was for the two varsity athletic teams. Aiken Technical College has a men's varsity basketball team, which competes in Region 10 of the NJCAA. Also competing in Region 10 of the NJCAA is the varsity women's fast-pitch softball team. Travel to attend out-of-state NJCAA regional meetings was incurred in support of these programs as well.

The balance of out-of-state travel includes attendance and speaker engagements at annual conferences and meetings such as: Southern Association of Colleges and Schools (SACS); Southeastern Training Association (SETA); National Council for Continuing Education and Training (NCCET); National Coalition Building Institute (NCBI); National Council for Workforce Education; Student Leadership Training; College Business Management Institute (CBMI) and Mine Safety and Health Administration (MSHA). Instructors in the Health Science Program incur out-of-state travel for clinical work with students in Augusta GA, which is in close proximity to the College.

### CENTRAL CAROLINA TECHNICAL COLLEGE

Out-of-state travel is required for faculty and staff to attend meetings, conferences, and workshops of national and regional organizations, such as National Association of College and University Business Officers (NACUBO), Southern Association of College and University Business Officers (SACUBO), Southern Association of Colleges and Schools (SACS), and College Business Management Institute (CBMI). Participants become better informed of issues that affect higher education, which ultimately results in improved principles and more efficient practices in the business and financial management of Central Carolina Technical College.

### DENMARK TECHNICAL COLLEGE

Most of our out-of-state travel involves professional development for IRM Director as it related to our computer software system and our instructors to attend various annual conferences relating to their field of work. We also have a NASA grant that requires out-of-state travel for the instructor and students to participate in a Robotics program.

Most of this travel was funded from Federal sources which were specifically earmarked for professional development.

### FLORENCE-DARLINGTON TECHNICAL COLLEGE

Florence-Darlington Technical College's out-of-state travel includes travel that enhances the educational mission of the College – both curriculum and continuing education. Out-of-state travel also includes travel related to economic development, international program development and federally funded student enrichment activities.

None of the travel was paid from state-appropriated funds. Travel was paid from local funds and state and federal grant funds. All travel was authorized according to the guidelines of the College's Manual of Policy/Procedures.

### GREENVILLE TECHNICAL COLLEGE

The majority of the College's travel is to meetings that require College representation, faculty travel to student clinical/work experience sites, and faculty and staff travel to regional meetings. Out of state travel is required for employees to attend meetings, conference, and workshops that are required to obtain and maintain College and program accreditation. It should be noted that 58% of travel is directly attributed to deans and academic department heads. The college utilizes grant funds, whenever possible, for employee training and development.

The College is expected to have representation at national conferences. The purpose of these trips is to allow employees to keep current with the nation's trends in higher education, software development and technology changes in the various academic disciplines. Another significant portion of travel is directly related to training our Financial Aid and Integrated Resource Management staff, constant training is necessary to keep them up to date on the Financial Aid regulations and changes and upgrades to our relational database system. The majority (61%) of the non-state employee travel was travel stipends to students paid through a Trio and Upward Bound Grants.

### HORRY-GEORGETOWN TECHNICAL COLLEGE

Attached is a listing of our travel spending activity presented on an employee basis (for the top 25 only). Analysis of our annual activity reveals that approximately 50% of the travel activity is required by, and financially funded under Federal programs. Additional review indicates that over 25% of the employees are authorized members of the Statewide Financial System Implementation Team (i.e., Banner Team). These individuals have been, and continue to be required to attend various training sessions held throughout the state regarding the design and implementation of this new system. The balance of travelers is executive management (i.e., Cabinet) members. Because of their positional authority and far reaching responsibilities, these individuals are required to attend various planning, budgetary, and academic sessions in Columbia throughout the year (for example: Budget and Control Board Meetings, Academic Accreditation Hearings, etc.).

### LOWCOUNTRY TECHNICAL COLLEGE

The Technical College of the Lowcountry (TCL) serves a four county area including Beaufort, Jasper, Colleton, and Hampton counties. Situated in the low country of South Carolina, the TCL main campus is located near the center of the city of Beaufort, and is confined by the waterways and limited highway infrastructure. As a result, travel to secondary campuses requires a minimum of 30 miles travel one way (for Bluffton) and up to 50 miles one way to reach our Hampton location. Travel to outlying counties such as Richland County (in order to attend required State meetings for example), results in an approximate round trip of 300 miles. In addition to location issues, TCL employees are often required to drive their own vehicles for business travel, due partially to the College having only one state vehicle. Required travel through our service area has also increased as the popularity of Dual Enrollment has increased throughout the area. As a result, more and more faculty are required to drive to area high schools to conduct classes. Due to the increasing demand for our Health Science programs, it is also necessary for instructors to travel to distant clinical sites in order to monitor students and hold classes at area hospitals. Continuing Education staff is also required to drive considerable distances to conduct classes and to market programs in the community, as well as our military recruitment coordinator.

Out of state travel was incurred primarily by the Administration of the College while attending training seminars, SACS accreditation meetings, the AACC convention and various professional conferences. However, approximately 13% of the out of state travel was incurred by employees of our Federal TRIO programs to attend SAEOP training or to receive training in federal financial aid. In order to more effectively seek out grant funding, it was also necessary to send our Director of Grants to training in Washington DC.

### MIDLANDS TECHNICAL COLLEGE

Midlands Technical College serves approximately 11,000 credit and 30,000 non-credit students in Richland, Lexington and Fairfield Counties. The college's mission is to provide accessible, affordable, high quality post-secondary education that prepares students to enter the job market, transfer to senior colleges and universities, and achieve their professional and personal goals. Through its programs and services, the college equitably provides higher education opportunities and strengthens the economic and social vitality of the community.

Please note that Midlands Technical College does not use its state allocation funds for travel. Travel incurred for the reporting year provides professional development opportunities that enhance employee skills and abilities to become innovative leaders in their respective areas, to ensure that faculty and staff are able to transfer knowledge to students that is current and relevant and to learn new tools to enhance efficiencies while contributing to the college's overall mission and vision. Travel also allowed the college to serve its constituents in remote parts of the college's service area.

### NORTHEASTERN TECHNICAL COLLEGE

The out-of-state travel was incurred for attendance at the Southern Association of Colleges and Schools (SACS) annual meeting in Atlanta, GA. Participants became better informed of the requirements for accreditation.

None of the travel was paid from state appropriated funds.

### ORANGEBURG CALHOUN TECHNICAL COLLEGE

The faculty and staff of Orangeburg-Calhoun Technical College are members of numerous national and regional organizations. These faculty and staff attend various meetings, workshops, and seminars during the year. These meetings are often out-of-state and provide excellent professional development opportunities for employees.

All out-of-state travel is directly related to Orangeburg-Calhoun Technical College's employees' job duties and their participation in these national and regional meetings encourages interaction with others in similar positions.

### PIEDMONT TECHNICAL COLLEGE

Piedmont Technical College has as a part of their mission the professional development of its faculty, staff, and administrators. As a part of an employee's annual plan there is often the need for the individuals to attend workshops, conferences or meetings across the state. To a certain extent there is limited out-of-state travel that is required for purposes of training, accreditation or knowledge enrichment. Recognizing austere times and the need to only promote travel that will have a direct impact on the employees' professional development, the college allocates less than 3% of the total operating budget to departmental travel. The college does have a number of Federal grants that require employees to travel but these are completely reimbursed by the associated grant and are not a part of the departmental budget.

Travel has always been very limited at Piedmont due to the need for operational funds in educational budgets for such items as salaries, supplies and contractual services. Travel funding has not been a priority at Piedmont due to the focus in funding more classroom related needs. All travel has to be approved in advance with any out-of-state travel requiring Presidential approval and written documentation related to how the travel relates to the employee's job performance and/or to the college's mission.

### SPARTANBURG TECHNICAL COLLEGE

The majority of the College's travel is in-state travel to state meetings that require College representation, faculty travel to student clinical/work experience sites, and faculty and staff travel to regional meetings. Out of state travel is required for employees to attend meetings, conference, and workshops that are required to obtain and maintain College and program accreditation. In a number of other instances, travel is required to allow faculty to visit students that have been assigned a program required work experience.

The College is expected to have representation at national conferences. The purpose of these trips is to allow employees to keep current with the nation's trends in higher education, software development and technology changes in the various academic disciplines. It should be noted that in a number of situations the College is reimbursed the cost of these trips by the conference or Company that is sponsoring the workshop. This year reimbursements total \$25,160.90. The majority of the non-state employee travel was travel stipends to students paid through a Perkins Grant (\$23,000). The balance was for second job interviews for executive positions and travel for Commissioners to attend a state meeting and the annual SACS meeting in Atlanta.

### TRI COUNTY TECHNICAL COLLEGE

All travel expenditures at Tri County Technical College are paid from local and restricted funds. Our president is in his second year and his travel includes the evaluation of possible new initiatives in the operation of the college; expansion to additional campuses; working with the foundation to obtain financial and community support for the operation of the college; establishing relations with community, state and national leaders; and involvement with

community leaders for the economic development of our three county service area. Several of these initiatives involve traveling for nonrecurring activities. Our travelers have also visited college campuses in Oregon and Michigan to assess programs on these campuses to allow us to develop a Middle College at Tri County Technical College. We also encourage faculty development and our faculty participates and presents at several national conferences each year.

#### **TRIDENT TECHNICAL COLLEGE**

Trident Technical College incurred out of state travel expenses for faculty and staff in fiscal year 2004-05 in order to conduct college business and provide opportunities for employee professional development training. Employees attended meetings, workshops or seminars which helped them develop new programs to incorporate into college

curriculum or enhance teaching and technological skills. Attendance at professional development seminars also furnished training to satisfy continuing education credit requirements for professional certifications or licensure boards. Business meetings provided a forum to discuss issues pertinent to higher education, such as budgeting or accreditation, and to share information with other colleagues. Some of the college's employees provided leadership by serving on the boards of national college organizations.

#### **WILLIAMSBURG TECHNICAL COLLEGE**

With the exception of one employee who attended the Southern Association of Colleges and Schools (SACS) Annual Conference, all other out-of-state travel was done by employees of federally funded programs. This travel was taken so that employees can stay aware of the most current federal guidelines and/or changes in order to meet grant requirements.

#### **YORK TECHNICAL COLLEGE**

York Technical College travel expenditures are related to conducting approved official college business. These expenditures may include opportunities for upgrading technology skills, developing faculty and staff, and maintaining skill levels necessary to meet the criteria of SACS and other accreditation agencies.

These travel expenditures were not funded by state appropriations.
