RE: Travel Report – Fiscal Year 2012-2013

DATE: October 30, 2013

The enclosed Travel Report for Fiscal Year 2012-2013 is provided for your information. The Comptroller General's Office compiled the report from data recorded in the South Carolina Enterprise Information System (SCEIS) and Statewide Accounting and Reporting System (STARS). Agencies and institutions that receive state appropriations but have the authority to issue their own checks and maintain their own accounting systems submitted their travel data separately for this report.

This report is intended to be used as a management tool to assist agency heads in ensuring that the state's financial resources are being used efficiently. Please contact me if you have any questions about this report.

PREFACE

The Comptroller General's Office compiled this report on travel expenditures for the fiscal year ended June 30, 2013, to the extent possible, from data recorded in the South Carolina Enterprise Information System (SCEIS) and Statewide Accounting and Reporting System (STARS). Agencies and institutions (both referred to hereafter as “agencies”) that receive state appropriations but have the authority to issue their own checks and maintain their own accounting systems, such as the state's technical colleges, state-supported universities, and certain autonomously-organized component units of the state that receive state appropriated funds, submitted their travel data to us. That data also is included in this report.

Employee job titles were obtained from the Budget and Control Board’s Office of Human Resources (OHR), except for legislative and judicial agencies. Each legislative and judicial agency submitted the job titles for their employees listed in this report.

This report includes travel related expenditures paid from state, federal, and other sources by all agencies that received appropriations in the 2012-2013 Appropriations Act. Expenditures for travel costs incurred in the issuance of bonds, state-owned leased cars, and employee moving expenses are not included. Persons employed by one agency may incur travel expenditures that are appropriately charged to another agency. In these instances, the employee and the related travel is listed under the agency that ultimately paid for the travel.

This report is divided into four sections.

Section One contains a summary of in-state, out-of-state, and non-state employee travel and registration expenditures by agency. Out-of-state travel includes domestic travel outside the state as well as travel outside the borders of the United States. Non-state employee travel represents expenditures made by agencies on behalf of non-state employees for transportation, mileage, lodging, meals, and other legal charges necessary in the performance of their services while under contract with the State. This category includes registration fees and travel paid to volunteer workers. Agencies are listed in descending order beginning with the agency that has the most travel expenditures.

Section Two ranks each agency by the total amount spent on in-state and out-of-state travel. This category also includes in-state and out-of-state registration fees. Expenditures for non-state employee travel are not included in this section.

Section Three ranks each agency by the combined total amount spent on in-state and out-of-state travel. For each agency, the top twenty-five employee travelers are listed in descending order according to the amount expended. For agencies with more than twenty-five employee travelers, a line-item is included to show the total travel expenditures of all other employees not listed in the top twenty-five. In instances where more than one employee incurred the same amount of travel expenditures as one of the top twenty-five, each employee is listed. Therefore, it is possible that some agencies will have more than twenty-five employees listed. Expenditures for non-state employee travel **are not** included in this section. Accordingly, an agency's rank in Section Three may differ from its rank in Section One.

Section Four contains narratives provided by each agency summarizing the type of travel incurred. Agencies are listed alphabetically.

SECTION FOUR

**Travel Summaries By Agency
In Alphabetical Order**

TRAVEL SUMMARIES

ACCIDENT FUND

All travel incurred by the State Accident Fund during the reporting period was directly related to providing essential services to or on the behalf of our policyholders. Travel expenses can be divided into four major groups. The first group of travel expenses consists of unallocated loss adjustment expenses. These activities include claim investigations, interviewing witnesses, gathering evidence, and representing our policyholders at administrative hearings. The second group consists of underwriting expenses. Meeting with new and potential customers and conducting the annual policy audits to review payroll information and insure proper classification of employees. The third group includes delivery of safety and loss control services to our policyholders to assist them in reducing the frequency and severity of their claims. The fourth group includes customer relation visits, attendance by key personnel at professional conferences and seminars, employee development, delivering training services, and other required travel.

ADJUTANT GENERAL'S OFFICE

Travel in the Office of the Adjutant General is necessitated by mandated inspections, training, and seminars.

Army Guard Master Cooperative Agreement (MCA)

Operations and Maintenance, Environmental, Distance Learning, and ITAM expenditures were 100% federal. Most expenditures were related to National Guard Bureau (NGB) training and conferences held out of state. One Environmental employee had significant in-state travel to armories in support of the hazardous materials/waste program.

Youth Challenge

Expenditures were for employees from each of the two programs. Most travel was mandated by the NGB and received 100% federal funding vs. the normal 60/40 funding for Youth Challenge.

Emergency Management Division

Employees' travel related to radiological emergency response planning paid from earmarked funds from the State's five nuclear facilities. One is the Hurricane Program Manager whose travel is 50% federal and 50% state. The Director of EMD represents the State at the national and regional level. His travel included the National Hurricane Conference, National Emergency Management Association Conference, and in-state training events.

ADMINISTRATIVE LAW COURT

The Administrative Law Court incurred several types of in-state travel that benefited the agency. Judges, Law Clerks and Staff Counsel attended the annual SCAARLA Seminar to further their training in Administrative Law and continuing legal education. The Chief Judge spoke at a CLE on Administrative Law and the Office of Motor Vehicle Hearing Officers conducted hearings for persons affected by an action or proposed action of the South Carolina Department of Motor Vehicles.

AERONAUTICS DIVISION

The South Carolina Aeronautics Commission (SCAC) Flight Operations provides flight travel services for state government and Airport Development provides technical engineering and planning services to 60 publicly owned airports located in South Carolina. Out-of-state travel and registrations are for attending Federal Aviation Administration (FAA) training schools and maintaining professional development currency in the staff's respective fields.

AGRICULTURE DEPARTMENT

To accomplish the mission of this agency and keep agriculture a strong industry in our state, our staff must travel extensively both in and out of state.

Many of our employees visit with major chain receivers, food service companies, food and agricultural product brokers and varieties of others involved in the food, fiber and beverage industry both in state and out of state. Our consumer service inspectors, fruit and vegetable inspectors and poultry inspectors must travel to ensure compliance with our petroleum, weight/measure and food statutes.

AIKEN TECHNICAL COLLEGE

Aiken Technical College (ATC) faculty and staff participate in training and professional development opportunities to provide instruction and/or enhance their current job knowledge, skills and abilities. Some faculty and staff members hold leadership positions within their respective fields and attend regional conferences. Out-of-state travel includes attendance and speaker engagements at national annual conferences, meetings and training programs such as; Datatel Users Group (DUG); National Council for Continuing Education and Training (NCCET); Workforce and Business Development Institute; National Coalition Building Institute (NCBI); National Council for Workforce Education; Learning Resource Network (LERN); American Association of Community Colleges (AACC); National Association of Student Personnel Administrators (NASPA) and Student Leadership Training. Travel out-of-state is necessary to obtain and maintain accreditation for academic programs and the College such as National League Nursing Accreditation Council (NLNAC) and Southern Association of Colleges and Schools (SACS) respectively.

Travel is funded with federal grant, state grant and local dollars. WorkKeys profilers' travel is billable to the Training and Business Development (Continuing Ed) clients. State appropriated funds are not allocated to travel.

ALCOHOL AND OTHER DRUG ABUSE SERVICES DEPARTMENT

During fiscal year 2013, the South Carolina Department of Alcohol and Other Drug Abuse Services (DAODAS) incurred travel expenses for the purposes of attending/conducting training events, meetings with county alcohol and drug abuse authorities and professional conferences.

ARCHIVES AND HISTORY DEPARTMENT

All agency travel was conducted in support of the Department of Archives and History's mission to preserve and promote the documentary and cultural heritage of the state of South Carolina. Out of state travel expenses resulted from historic preservation program staff members attending national historic preservation training, meetings, and conferences. Since agency staff members administer the state's historic preservation functions in partnership with federal and local agencies, they must receive regular training on the laws, regulations, programs, and policies of national partners such as the National Park Service and the Advisory Council on Historic Preservation. All historic preservation program staff travel and training expenses are reimbursed by federal funds through the state's annual allocation of the Historic Preservation Fund.

AREA HEALTH EDUCATION CONSORTIUM

The South Carolina Area Health Education Consortium has the mission to be a leader in building a collaborative educational system designed to optimize the health of South Carolinians by achieving excellence in health care through recruitment, retention and education of health care professionals. The South Carolina AHEC had only 13 employees to travel in FY 2012-13. The travel expenses among the 13 travelers were mainly for education and recruitment.

Angelica Christie, Director of the Health Careers Program, was the top traveler in FY13, spending \$12,640.54. Fifty-six percent (56%) of her travel was supported by State Funds for educational purposes and the other 44% was supported by Other Funds and Grant Funds provided by The Duke Endowment.

For FY 2012-13, State Funds paid for \$37,909.84 or 56% and Other Funds paid for \$29,368.05 or 44%. The majority of travel expenses were for mileage and lodging.

ARTS COMMISSION

The majority of the agency's in-state travel expenditures are for visits to constituents throughout the state for grant advisement, planning, meeting facilitation, grant project monitoring, speaking to civic and educational groups, etc. There are also expenditures related to professional development meetings, conferences, and leadership programs. Out-of state expenditures are generally for attendance at meetings related to funder-driven national initiatives and professional development conferences.

Each out-of-state trip on agency business by a DHEC employee must be justified and approved by several managers in advance to ensure that the trip is warranted and will benefit the agency. Many of these trips are to attend training sessions to remain current with applicable rules and regulations of our federal partners, including U.S. Health and Human Services, the Centers for Disease Control and Prevention, the Environmental Protection Agency, Homeland Security and the Centers for Medicare/Medicaid Services. Some of these federally-sponsored training sessions are required for our staff to attend.

Our employees that do travel out-of-state meet with other state, regional, federal, public and industrial officials as well as attend meetings of various regional and national organizations relating to specific programs or services. They are also called upon for their expertise. Through communication, collaboration and the exchange of information, these meetings provide a forum to improve the consistency and effectiveness of South Carolina's regulatory and health programs. Our participation is needed to assure all South Carolinians that the quality of our environment and the public's health are protected as best we can.

Most of the out of state expenditures listed for the top 25 (which include twelve Law Enforcement Officers employed by either the State, counties or municipalities) are related to certification as Drug Recognition Experts. These expenses for this training were paid with a DRE grant.

Monitoring of the sub-grantee, both fiscal and programmatic, requires on site review and analysis.

LOWCOUNTRY TECHNICAL COLLEGE

The Technical College of the Lowcountry (TCL) serves a four county area including Beaufort, Jasper, Colleton and Hampton counties. Situated in the low country of South Carolina, the TCL main campus is located near the center of the city of Beaufort, and is confined by the waterways and limited highway infrastructure. As a result, travel to the other campuses requires 24 miles travel one way to New River and 45 miles one way for the Hampton Campus. Travel to Columbia to attend required State meetings results in a round trip of almost 280 miles. Health Science programs incur considerable travel expenses for instructors to visit distant clinical sites in order to monitor students. We are committed to eliminating stigma and promoting the philosophy of recovery, to

achieving our goals in collaboration with all stakeholders, and to assuring the highest quality of culturally competent services possible.

In order to accomplish its mission, the Department employs, or contracts with, several types of personnel who must travel to fulfill their job responsibilities. These personnel include psychiatrists, pharmacists, nurse practitioners, human services specialists, auditors, and compliance and quality assurance coordinators, among others. The majority of the Department's travel expenses are, therefore, related to service provision: inpatient and community-based behavioral services that are treatment-oriented and goal directed. The types of services rendered include crisis intervention, outpatient services, psychosocial recovery, family services, employment services, out-stationed behavioral health services (including school-based services), multi-systemic therapies, pharmaceutical inventory oversight, crisis stabilization, mental health court participation, deaf services, and other physician services.
