</tr>
</thead>
<tbody>
<tr>
<td>FY2017</td>
<td>$150,000.00</td>
<td>DMV maintains two (2) composite reservoir accounts – one with Bank of America and one with Wells Fargo (formerly known as Wachovia). If a customer presents a check for payment of services at a DMV Field Office and the check is deposited into a Bank of America (BOA) or Wells Fargo Bank Account and the check is returned due to insufficient funds, account closure, etc., the amount of the check is returned against these composite reservoir accounts. As such, when DMV collects on the NSF check, the funds are deposited into the Agency’s clearing accounts. Once sufficient funds are received, DMV transfers funds into the accounts to cover any negative balances. DMV’s composite reservoir accounts were transferred to DMV from DPS when DMV became a stand-alone Agency in June of 2003. To our knowledge, Bank of America and Wachovia did not require funds from the Agency to set up these accounts initially.</td>
</tr>
